Von Donna Andrews : The Penguin Who Knew Too Much (Meg Langslow Mysteries) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Penguin Who Knew Too Much (Meg Langslow Mysteries):

KundenrezensionenHilfreichste Kundenrezensionen3 von 3 Kunden fanden die folgende Rezension hilfreich. RasantVon Fuchs JoanNach einem weniger gelungenen Band fabriziert die Autorin hier wieder eine rasante

Geschichte, die viel Spass macht. Meg und Michael mchten nun endlich in ihr frisch renoviertes Haus einziehen, da wird ein Toter gefunden. Und die Tiere eines Zoos werden bi ihnen Untermieter. Der chaotische Schauplatz, die bekannt berdrehten Verwandten, die komplexe, kritische, aber doch einleuchtende Story machen das Buch zu einem Genuss.0 von 0 Kunden fanden die folgende Rezension hilfreich. EntertainingVon RickiThe plot this time was certainly not the best part of the book, but it is in line with all the other books in this series as a fun and entertaining read. So I will forgive some flaws, because it was fun and made me smile.0 von 0 Kunden fanden die folgende Rezension hilfreich. good entertainmentVon Karin Miklasis only my second "Meg Langslow" book after the "peacocks". Good entertainment but not so funny as the first book.

KurzbeschreibungHold on to your hats, everybody! Donna Andrews is taking us on another ride into the wonderful world of Meg Langslow, a world filled with laughter as well as the knotty problems Meg always seems to encounter and---somehow---solve. Okay, maybe there are people in Antarctica with penguins in their basements, but in Virginia? Only Meg's dad could manage that one. A body down there---well, that's somewhat more likely.It turns out that explaining the penguins' presence is easy---Meg's dad volunteered to take care of the birds until the future of the bankrupt local zoo could be determined. But identifying the body in the basement proves a harder task---could it be, as Meg fears, that of the vanished zoo owner?In the small southern town of Caerphilly, rumors fly quickly, and all the other well-meaning citizens who have agreed to take in zoo animals are now worried that they might be stuck with their guests indefinitely. So when Meg's dad generously offers to help out anyone who can no longer care for their four-legged charges, a parade of wild creatures begins to make Meg and Michael's newly renovated house look more like Noah's ark.Meg and Michael have been planning to elope in order to avoid the elaborate wedding their mothers have begun to organize---a plan that's threatened by both the murder investigation and the carnival of animals. The only way to set things right, Meg decides, is to identify both their uninvited visitor and the killer who put him in their basement.The award-winning Donna Andrews has demonstrated her immense talent by creating and nurturing a series that continues to delight and surprise with each new book.From Publishers WeeklyStarred . In Agatha-winner Andrews's deliciously daffy eighth Meg Langslow mystery (after 2006's No Nest for the Wicket), blacksmith Meg and her fianc, Michael, are at last moving into their new house in Caerphilly, Va., assisted (and occasionally hindered) by Meg's vast clan of maternal relations. Then Meg's dad announces that, while digging a pool in the new house's basement for penguins fostered from a bankrupt local zoo, he has discovered a dead body. As the police investigate, more fostered animals arrive at Meg's place, and when the zoo's missing owner turns out to be the corpse, Meg has to sort out the mystery, along with her plans to elope and the problems relating to various animals roaming around her property. As usual, Meg takes the familial eccentricities in stride while coping with one crisis after another. Andrews demonstrates her absolute mastery of the comedic mystery, deftly balancing outrageously funny scenes with well-paced suspense. Author tour. (Aug.) Copyright Reed Business Information, a division of Reed Elsevier Inc. All rights reserved.From BooklistMeg Langslow and her fianc, Michael, are finally moving into their newly renovated house, assisted by numerous members of Meg's extended family. Unfortunately, Meg's father finds a body in her basement while he is digging a hole for a pool for some penguins he is fostering. The body is identified as that of Patrick Lanahan, owner of Caerphilly's bankrupt zoo. More chaos followsand the Langslow menagerie quickly growsafter Meg's father's tells all those fostering the zoo animals to drop them off at Meg's place if fostering gets to be too much for them. Soon llamas, wolves, and hyenas are frolicking in the backyard. Meg investigates the murder and tries to save the zoo (so her many house guests can return home), all while planning her secret wedding. The levelheaded, unflappable Meg takes it all in stride: the parade of wild animals, her quirky relatives, an irate police chief, and a father who loves a mystery. This eighth cozy in the series makes the most of humorous situations, zany relatives, and lovable characters. O'Brien, Sue
