Von Penny Jordan : The Perfect Father (The Perfect Family) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Perfect Father (The Perfect Family):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Another Penny Jordan classicVon Secret Agent BookerSelf conscious Samantha,(because of her height, 6 feet to be exact), is unsure of her feminity. Ridiculed by most men, she's in search of a 'perfect father' to give her a child, partly to prove her womanhood to the world, and partly because her biological clock has kicked in. So off she goes to England, from America, to try and meet some distant Crighton male relative (who, by the way, are all very sexy men known for their virile Crighton genes) to give her a child. Yup, in case you're wondering, this is a book in the 'Crighton' series, about a large family legacy, and their loves and lives. Anyway, she leaves, leaving behind her crush since youth, Liam, her father's assistant since her childhood and long time family friend. He never showed interest in her as a woman, but

after Samantha's departure, Liam suddenly longs to be the father. The rest of the story is about Liam following her to England, and the both of them discovering each other as man and woman, not brother and sister or long time friends. Story is great, plot is great, people are great, and best is the attraction. Couldn't get a better book than that even if I had written it myself. 0 von 0 Kunden fanden die folgende Rezension hilfreich. excellent, heartwarming, a book worthy of this author
Von Ein Kunde Penny Jordon has once again given her readers a book to remember. I have enjoyed her novels for years now and see this one as one of the best. She has a style that reaches womens hearts and inner most desires. Again, her ability to make you laugh, make you angry, and of course make you cry for the heroine, is awe inspiring. Thanks

Kurzbeschreibung Samantha Miller yearned to start a family, but eligible men were in short supply. Maybe visiting her happily married twin in England would help. Liam Connolly should have been relieved to see Sam set off for England. Since she'd been a gangly teenager, she'd had a crush on him. He'd managed to resist her as he'd felt her impetuous nature made them an unlikely match. So why, after she'd confessed the reason behind her trip, did he suddenly find he wanted to be the man to father her babies!
