Von Loreth Anne White : The Perfect Outsider (Perfect, Wyoming) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Perfect Outsider (Perfect, Wyoming):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Perfect, Wyoming #5Von Detra FitchJune Farrow arrived in Cold Plains, Wyoming, three months ago. She is a part-time paramedic with the Cold Plains Urgent Care Center and a SAR (Search and Rescue) volunteer. At least, that is June's

cover. Five years ago June lost her husband and son due to a cult. Now June's life mission was running halfway houses for cult members who want to "escape". June's current safe house had been built by an eccentric architect-turned-survivalist. The large home was built in a deep warren of caves where he lived off-grid until his death. It is inaccessible by road. Currently there are five people hidden in the safe house. Three more are past due their arrival time. Lacy Matthews and her three-year-old twins were lost in the woods, running from Grayson's people. June and Eager, her K9, are tracking Lacy and the girls when they come across an injured man in a ravine. He has a nasty cut on his head and his leg is bleeding. He also has a gun that had recently been fired. Unable to leave the man to die, June takes him to the safe house for treatment. The man claims to remember nothing. Not even his name. June decides to call him "Jesse". (The name is on his belt.) Jesse is to be kept locked in a room. After all, he could be a cult enforcer, violent and potentially deadly to everyone she was trying to protect in the hidden house. No one recalls ever seeing Jesse in Cold Plains, but he has a Devotee tattoo on his hip. Once Lacy and the twins are finally in the safe house, Lacy claims that Jesse is the man she ran into while in the woods; however, Lacy had been running away with her daughters and has no idea if Jesse had been shooting at her or the goons chasing her. Jesse has no idea why he had been in the woods and he does not recall shooting his gun. It is hard for Jesse to believe that he would intentionally harm anyone, especially a woman and her kids. As Jesse spends time in June's company and sees her devotion to helping others, he cannot help but feel drawn to her. But the word "cult" and the name "Samuel Grayson" sound very familiar to him. Jesse needs to find the reasons for his feelings of guilt and remorse. He needs to go to Cold Plains and find Grayson. Everything is tied to Grayson. ***** FIVE STARS! This is the fifth title (in a six-book long series) about the town of Cold Plains. All the titles are stand-alone stories; however, unless you read them all (and in order), you will not feel the full impact of danger and suspense. The only thing holding Special Agent Hawk Bledsoe back from arresting Grayson is the lack of evidence pointing directly to the sociopathic con artist. Grayson has gone to great lengths to ensure that nothing illegal (especially murder) could be traced back to him. For those following the series, Dr. Rafe Black has a couple of cameos in this story too. The doctor's search for his infant son is an ongoing subplot throughout the series. Author Loreth Anne White has succeeded in upping the tension for readers. More than once I found myself on the edge of my seat. I could almost feel Grayson's anger toward the story's end. Grayson's perfect society is teetering on its pedestal. His years of hard work on the town's locals are falling apart and about to come tumbling down. The entire situation is explosive and time is quickly counting down. Excellent! *****Reviewed by Detra Fitch of Huntress Reviews.
