**Von Qwen Salsbury : The Plan (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Plan (English Edition):

Amusing and witty chick-litVon AnakinaIn my wanderings among the literary genres I came across this chick-lit a

little out of the box. The impact of the story is not easy. It opens with a completely useless prologue, because it anticipates a scene you will see in the second part of the book. It was put there to attract the female reader (oh, yes, it's a book for women!) and compensate with the real beginning, which is perhaps a bit slow. The problem is that unfortunately it reveals something about how the story will develop, which is why I would recommend skipping it. After the prologue, which I immediately tried to forget, I was immediately intrigued by the story. The main character tells us about her not well-defined plan to conquer her boss, who seems rather not having any idea of her existence. The tone is very ironic. The diary structure, which at the beginning of each chapter indicates the day of employment and a few sentences outlining the situation, wins more than a smile. The style is characterized by short periods, even of a single word, which reproduce well the fragmented thoughts of the protagonist. It really seems to be in her head, to live her emotions. The language is always polite, never vulgar, even in some long intimate scenes, where she makes extensive use of figures of speech. It isn't perhaps an original story as general plot, but it's built in a surprising way, with unexpected changes of direction. The fact that I read it in just three days, although it is not a very short novel, confirms the ability of the author to keep the reader glued to the pages. One thing that is not clear to me is why it is listed in some websites as an erotic novel, when it is not at all and, I would add, fortunately. It is a Sex and the City style chick-lit, not even so explicit. An absolutely recommended reading.

Schon der Schreibstil der Autorin stellt einige Ansprüche an den Leser. Man muss schon sehr gut US-Englisch können, um alle sprachlichen Feinheiten mitzubekommen. Als ich einmal zu lesen angefangen hatte, konnte ich nicht mehr aufhören. Am Anfang dachte ich: Mit dem Plan der selbstbewussten Protagonistin wird es nie was. Aber dann nimmt die Story eine überraschende Wendung und die beiden Protagonisten ... Nein, mehr wird nicht verraten, sonst bin ich ein Joy-Killer :-)) Lesen!

Kurzbeschreibung Day of Employment: 358 10:15 a.m. Location: Cubicles outside Canon's office. Co-workers: Betting on how long Canon's new PA will last. Me: No doubts. Ms. Gum-smacker won't last the day. I need to place my bet. Manolo Blahnik's New Fall Shoes: Mine. As soon as Madeline hands over my winnings. Emma Baker has never spoken a word to Alaric Canon, nor has he to her. But she's studied him every day across the office tundra for almost a year. Canon is hard and fierce, terrifying and beautiful. He's also the most stern, unforgiving person Emma has ever seen. Emma's co-workers run a betting pool for Canon's Personal Assistant terminations. There's a separate pot for the day one leaves without crying. Not likely... Canon made a former Navy SEAL cry. He has high standards and low tolerance. Everyone knows it. Everyone stays away. Everyone who can, that is. Except Emma. She can't look away. Alaric Canon is the single most attractive man she's ever seen. Bar none. Canon has never noticed her. Not once in almost a year. She's not even a blip on his radar. But she will be. His radar will be blipless no more. It is a goal. Emma has a plan

ber den Autor und weitere Mitwirkende Qwen Salsbury was born in Kansas and somehow keeps ending up back there. Raised on her grandparent's five acre homestead within the city limits, her imagination was honed during long days of quiet play and spartan access to a TV signal. Now mother to handsome boys, she strives to ensure they appreciate potential adventures found within the pages of a book, an honest day's work, and what ingenuity may yield from mundane objects like a string and a cup. After spending time in corporate America, she returned to school and received a BA in English - Creative Writing/poetry from Pittsburg State University, the alma mater of Pulitzer Prize winning poet, James Tate. She worked on a Masters there until going on to receive a juris doctorate from Washburn School of Law. Predominantly a writer of romance, her romantic fiction varies from contemporary to historical to fantasy, though often with a humorous slant and poetic undertones.
