**Von John Inman : The Poodle Apocalypse (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Poodle Apocalypse (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Funy, unexpected and differentVon SunneIt was fun - I like characters who ramble and talk to me like I'm their best friend. Charlie did this quite fine without getting annoying or over the board.It was cute and sexy and ....strange, nothing was like books normaly are, the world itself full of unexplained mysteries.It defintely was a funny intermission between

the "normal" books. I generally do not like books where things happen I can't explain or don't get explained - I'm too logical to just accept. The fact that in this story Mr. Inman made me do exactly that, is a compliment on his writing skills. I would have given the story 5 stars....but there is the ending. In a story full of unexpected I knew how this would end, it was the only thing obvious to me and despite it is a good end, it was a bit dissapointing to me because it was trite and to be expected. But if you want something funny and unexpected, read it. It's really, really good.

Kurzbeschreibung With the world suddenly teeming with zombies, Charlie and Bobby are fighting to stay alive. Being about as gay as two people can be, they insist on doing it with panache. Even with the planet throwing up its legs in submission, there is no reason a couple of style-conscious guys can't look good while saying good-bye to the age of man and ushering in the age of God knows what. Amoebas, maybe. With their loyal zombie poodle, Mimi, at their side, they bravely face the apocalypse head-on. Death, destruction, and the undead they can deal with. But without electricity, it's the depressing lack of blow-dryers and cappuccino machines that really pisses them off until Bobby goes missing! Suddenly Charlie has more than fluffy hair and a good cup of coffee to worry about. Kurzbeschreibung With the world suddenly teeming with zombies, Charlie and Bobby are fighting to stay alive.
