Von Richard L. Dewey : The Porter Rockwell Chronicles, Vol. 1 (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Porter Rockwell Chronicles, Vol. 1 (English Edition):

A Great Rockwell historical novel...Von AnonymousThis book captures the spirit and emotion of Rockwell's life better than any others I have read. It not merely details his life, but goes into the background and personality that made him one of the Mormon West's most colorful characters. The only complaint I have with the book is that it relies mostly on

dialogue to carry on with the story. Sometimes this is a bit distracting. However, it remains by far the most excellent (and accurate, from what I have studied) novel on Rockwell's life. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Heartwarming Von Dean Urmston Couldn't put this book down. The writing style allows you to relive a part of American history. I felt like I was there; laughed, cried, felt great empathy for these early Mormon pioneers and the steadfastness of Porter Rockwell. Where can I get Volume 2?

Kurzbeschreibung This best-selling, historically accurate novel series renders Porter's life in story form, bringing it alive for adults and teens alike. (While Volume 1 sets the stage for the series, Volumes 2 - 4 engage readers more completely as Porter's life becomes increasingly dangerous and interesting.) Volume 1 begins with his childhood years in New York, where he becomes best friends with the future Mormon prophet Joseph Smith. The story continues through Porter's settlement with the Mormons in Missouri, where he fights against mobs and falls in love with a vivacious young woman. Readers witness his humorous courtship, as he is determined to marry her. He meanwhile proves himself in friendship and loyalty to his neighbors, and even as a teen becomes their protector. In a surprise move, the young woman he loves agrees to marry him. Based on solid research from the authors best-selling biography, Dewey proves himself a capable novelist as well as best-selling biographer. First hardcover printing sold out in only 8 days. Now in 5th Hardcover Printing and in E-book.
