Von Sue Civil-Brown : The Prince Next Door before purchasing it in order to gage whether or not it would be worth my time, and all praised The Prince Next Door:

KurzbeschreibungWhen Serena Gregory's clothing-optional Caribbean cruise fell through at the last minute, the thrill-

seeking dermatologist decided that helping Darius Maxwell, her mysterious new neighbor who might or might not be a crown prince commit a felony would be a worthwhile alternative. Yes, it would involve clothes for the most part but the risk of skin cancer would be drastically reduced. Not to mention she'd be helping to secure the future of an entire European country that she'd never even heard of. That's how Serena wound up over her head in trouble when she should have been next to naked in paradise and risking her career and cold, hard jail time for a man she'd only just met!

ber den Autor und weitere Mitwirkende After publishing nearly forty novels, I still love my career. At this time I feel I'm in the prime of life, and look back on many wonderful memories. I was born in Michigan, but the rambling stopped only recently, and I've lived all over the country, settling finally in Florida. I've majored in archaeology and computer science, and fell into writing only because I've loved it since I was nine. I am married, with a blended family that includes five children, ranging in age from 9 to 29. Oh, and don't let me forget the two dogs. Trust me, I am never bored. I consider myself a dilettante, having dabbled in a great many different jobs and interests over the years, but I also consider being a dilettante essential to being a writer.
