KurzbeschreibungIt took only one kiss from his brother's widow to set AJ Rahia's soul on fireand set him closer to
assuming his brother's throne. Tradition would have the prince turned Hollywood producer marry his brother's wifebut

could he accept his brother's unborn child as his own? Lani Rahia was caught between two men: her dead husband and the future king. By telling the truth about one, would she lose the other? She'd been snared in a marriage of convenience before. This time, she wouldn't settle for such pretense for her or her child. Instead, she'd have a lifetime of AJ's love or nothing.
