I wasn't sure what to expect, because BDSM themed books are often just shallow "I own you because I am a control freak" stories full of (more or less steamy) sex scenes. But not this one! Although the story claims to be a retelling of "Beauty and the Beast" I don't really see it that way. For me, it was a very interesting, very different kind of love story.It begins very cruel and I wasn't sure, that I wanted to read on, because (real) slavery and rape are not what I like to read about, but I quickly realized that relationship between Ash and Belle would be more. There is a lot of insight into the characters, background story and details that make you curious on every page anew.In the end I can say that I have read a book with a better description of what a Dom/sub relationship should be like than in this book. It goes far beyond whips and chains and commands, instead it brings you nearer to the essence of domination/submission outside of sex and also to what true love can be like. Stories about girls who submit to cane-swinging Masters and let their mind go blank in sexual ecstasy pale in comparison to what Ash and Belle achieve. I have read a lot BDSM books but none tells a story comparable to this one.If you are looking for a lot of sex, don't read this story. Because there only very few explicit sex scenes in comparison to the length of the trilogy.But if you want to understand, really understand what trust, love and dominance/submission have in common, how they work together, then read this book.0 von 0 Kunden fanden die folgende Rezension hilfreich. better do better research next timeVon XarapppppppppppppThe story was ok, the characters felt kind of sterile to the end. but the worst was the quasi non existent research on the places where the story takes place, instead you get served american presumptions about eastern germany and europe. Dear P.J. Fox, even bevor 1990 cars were a common thing in Prague, even more so later. and there is no such thing as a so called "Modern Cinema Building" from the "communist" past in Dresden. First, no communism; second, the cinema in question is probably the so called "rundkino" (round cinema) in the city center. It shouldn't be so hard finding this out over the internet, should it? There are even people living in / coming from those above mentioned cities, who you could ask.0 von 0 Kunden fanden die folgende Rezension hilfreich. Belle and the beastVon GretaP.J.Fox erzhl eine moderne Fassung von der Schnen und das Biest. Belle und Ash, die Gefangene und der ruchlose Prinz. Dominanz und Unterwerfung. Berfreiung durch Akzeptanz. Erlsung durch Liebe.

Fox published her first story when she was ten. Between then and the present moment, she detoured to, in no particular order, earn several degrees (including a law degree), bore everyone she knew with lectures about medieval history, get married, and start a family. She realized, ultimately, that she had to make a go of this writing thing because nothing else would ever make her happy. Please visit her at her website, www.pjfoxwrites.com.
