KurzbeschreibungIn real life, shes given up on the fairytale ending... After having her heart broken twice, Alicia Dayne has sworn off men, decided to concentrate on her career, and is delighted to win a lucrative contract to make a commercial for Highborn Mattresses.She could make the most awesome fairytale commercial everexcept for Jonas Highborn, who isnt exactly thrilled with her Princess and the Pea ideas, and really doesnt want a prince in tights representing his company. Though hes trying to keep his grieving mother happy by letting her have charge of the commercial shoot, and though Alicias trying to keep in mind that this annoying guy is her boss for the moment, they cant seem to keep from clashing. Throw in an overly-handsome prince, a matchmaking mama, and a stunning rose garden, and maybe, just maybe, Alicia can be convinced they have a chance at something real. Because while she might not be a real princess, sometimes an ordinary girls got to take a chance, even when it seems too good to be true. When did Happily Ever After become so complicated?KurzbeschreibungIn real life, shes given up on the fairytale ending...
