Von Kimberly Cates : The Raider's Bride (The Raider Series Book 1) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Raider's Bride (The Raider Series Book 1) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. PERFECT!!!Von Ein KundeI have read nearly all of Kimberly Cates books and loved every one - and this is no exception!! The story is set in 1772 Virginia when the colonials were beginning their struggle for independence from Britian and spying and raiding was the order of the day. Added to this historical backdrop is the wonderful love story

of Ian and Emily. The sorrow that these 2 have known in their past and the love that they find in each other is remarkable and inspiring. I read alot of romances and am very rarely moved to tears, but this one brought them to my eyes more than once. The character of Lucy, the wild and willful child in need of love brings everything together. I truly loved this book and can't wait to read Lucy's story in "The Raider's Daughter" and also Ms.Cates new book, "Lily Fair", If you like great historical romance - you'll fall in love with this book!!
