**Von Jude Deveraux : The Raider (The Montgomery/Taggart Family)** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Raider (The Montgomery/Taggart Family):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. FUN

READ -- CLASSIC ESCAPIST ENTERTAINMENT! Von Ein Kunde I always appreciate a Jude D. book -- especially her well-written and well-researched historicals. "The Raider" shows Jude at the top of her game, with a story that offers the most irresistible of irresistible heroes, and a heroine who is smart and strong. (It was fun watching her learn to swallow some of her self-righteousness!) This is the kind of book you take to a beach and finish in one sitting. You won't be disappointed!

Von Ein Kunde Alex Montgomery is called back to his family's home town in colonial New England to somehow right the wrongs perpetrated by the British and his scheming customs officer brother-in-law. Thru a series of mishaps he finally arrives home disguised as an overweight fop, injured from an encounter with British soldiers, and hiding his one experience as the black-garbed Raider--supporter of the Americans and enemy of the British. Alex is disgusted that no one--the townspeople, his own family, and lovely Jessica Taggert--seems to see thru his padding and peacock clothes to the "real" man. And so his double life begins--sometimes as the dramatic Raider affecting rescues with a Zorro-like flair--sometimes as the plodding but compassionate Alex quietly working to help an angry and courageous Jessica. Both "heros" vie for Jessica's heart. Both "heros" criticise the other to Jessica. One eventually wins her heart and mind--and her angry but hysterical-to-read revenge when she discovers that both "heros" are the same man. It is frustrating to watch Alex and Jessica take so long to figure things out (especially as most people around them have already discovered the Raider's identity!) Still, this is a quick-moving and rewarding story.

Outstanding and extremely fun Von Ein Kunde As with all of Jude Deveraux's book you can expect an excellent historical reference as the background. In the foreground, you will find strong characters. The men are well fleshed out whether they are the hero or the wimp. However, I am truly impressed with her strong characterization of women which even women in this century can understand and appreciate. Jessica Taggert represents the Taggert clan quite well as a dynamic woman who like the women of the nineties tries to balance taking care of her family and learning to be a woman of her century. Alexander Montgomery like all of the Montgomery men is not afraid to be sensitive as well as intelligent. Also like the Montgomery men, he stands up for what he believes in and does it with a wonderful "Batman" like flair. For a new reader, you will find yourself engrossed in the storyline and will not want to put the book down. For the experience Jude Deveraux reader, you will once again enjoy the characters and the places of the American Revolution period.

Kurzbeschreibung A Simon Schuster eBook. Simon Schuster has a great book for every reader. Kurzbeschreibung A Simon Schuster eBook. Simon Schuster has a great book for every reader. Synopsis This saga, set in Colonial New England, continues the story of the Montgomery family. Alexander Montgomery returns from sea to find his home town of Warbrooke terrorized by the English army. Determined to rid the town of injustice, he disguises himself as the Raider, the hero of the colonists. Jude Deveraux is the author of "Twin of Ice", "Twin of Fire" and "The Temptress".
