**Von R. E. Bradshaw : The Rainey Season (A Rainey Bell Thriller Book 3) (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Rainey Season (A Rainey Bell Thriller Book 3) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. All good things come in threeVon SkippyAfter I read the first two books of Rainey Bell, I had to read the third one as well.

Now Rainey is married and the triplets are getting more and more active with every page, as they're one now. Rainey is still overwhelmed by their activities and while she is looking out for them, somebody not only stalks her, but she also became a suspect in a murder case. Oh and did I mention the body found in her backyard?

**Kurzbeschreibung**This is the third in the award winning Rainey Bell Thriller series, following Lambda Literary Award Finalist Rainey Nights. Each book is stand-alone. It does help to read them in order, but it is not necessary. In The Rainey Season, former FBI behavioral analyst Rainey Bell has settled into her life as a wife and mother with Katie Myers and the triplets. Consulting and private investigative work occupy the time not taken up with the one-year-olds crawling around her ankles. As always, her eye is on the security of her family, because Rainey knows is out there and that it is probably watching her. Rainey may be paranoid, but shes generally right. If it feels wrong, it usually is.
