Von Helen Conrad : The Ranchers Box Set Books 1-3 (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Ranchers Box Set Books 1-3 (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. usual romance in different settingsVon Hoener, BirgitTypical romance stories set in a ranching environment. In the last one, the behaviour of the protagonists I found highly unlikely, but it was still a nice enough story. I have read better ones, but I have read a lot of worse ones.All in all, a nice read, nothing exciting so you can't lay the book aside, but

interesting enough to make you read until the end.

Kurzbeschreibung Destiny Bay Romances~ The Ranchers Shawnee Carrington returns home to help save her grandfather's ranch and ends up falling for the man who's stealing it. Carly Stevens searches for her past and finds only secrets and sexy Joe Carrington standing in her way. Jessie Carrington plays bounty hunter and gets caught up in a wild dash toward vindication when dangerous Michael Drayton turns the tables on her. Most of the Destiny Bay Romances are focused on the beach town, but just a few miles inland lies a valley Destiny Valley and the dusty little town of Destiny that forms the hub of cattle country, horse country, and the orchards. The Carringtons who live here are a different breed. They're hard working people, people who have a love for the land and a passion for those who mean the most to them. Book 1 Native Silver He wants her. She wants his ranch. But her plans will only work if no one realizes Native Silver is blind. A beautiful straying daughter of the land, a stunningly handsome descendant of the conquering conquistadores who loves her his sister, recently divorced from a European royal, an aged grandfather losing his grip on reality, and a blind horse all have a stake in the California Days equestrian competition. Who will win the hearts and minds they yearn for and who will win the trophy itself? Book 2 Destiny Ranch She desperately needs to find her father. He needs to make sure she can't. Carly Stevens needs to fill in her past so that she can face her future. She takes a job caring for Joe Carrington's children, only to find that she's stepped into the middle of her own mystery--and into a struggle with an irresistible rancher whose own heartbreak has destroyed his trust in love. Book 3--Sweet Desperado She's hanging on for the reward money but can she last that long?
