the best from Virginia! Von Tracy Talley What can I say about this? I LOVED it! I am a HUGE fan of her work and this was my favorite, of course next to Falcon and the Flower, lol. Keep up the great work! 1 von 1 Kunden fanden die folgende Rezension hilfreich. Better than the typical historical romance... Von Ein Kunde I love historical romance novels and I picked up this book expecting a good read. I got that and more. The plot felt a little rushed at times, but nonetheless, made for a very interesting book. The characters were likeable although Roseanna is extremely vain and headstrong. Ravenspur on the other hand is strong and determined to win her love, but willing to do so patiently. They deal with the typical issues you find in an historical romance novel, such as first fighting any feelings for each other and then one having to wait patiently for the other to realize they're in love. But they also deal with issues that I'd never expected to see written about in an historical novel. These additional issues added spice, danger, and tension and made the book even more interesting. And just when you think all is well and you're going to read about a happy ending, something else happens. I very much enjoyed this book and would definitely recommend it to any who like this genre. 1 von 1 Kunden fanden die folgende Rezension hilfreich. I LOVE THIS BOOK!!!!!!!!!!!!!! Von Diana catlin This was the first Virginia Henley book I read. It touched my heart. It was so amazing. I adored Roger and how much he loved Roseanna. Ms. Henley also put in the history in there that made me want to learn more about the time period. I laughed at some of the comments Roger made and I cried at that one part (whoever read it will know what I mean). All in all I recommend this book to any one who loves romance novels. This is my favorite book!!!!!!!!!!!!
