5+++++ Are-you-freaking-killing-me?-I-need-the-next-book-now! Stars Von Cassandra This book! I just can't...Everytime it comes to my mind I'm caught in it again! Yes, it has a cliffhanger! Yes, it's hot, but that's not everything there is about this book! Yes, there's stuff going on...but really what is going on??? Right from the beginning you are caught in the The Raven Room without really knowing what's going on. The writing, the descriptions are so detailed without being boring that you get the feeling you are touching things, that you are there, that you can feel the energy in the club. But you are not only caught in The Raven Room itself, but you are right there with the characters. Julian is this mysterious older guy that could have any woman he wants whenever he wants. Somehow he's drawn to Meredith and has an open relationship with her for a while now, even if both wouldn't label it that way. He has more secrets than Meredith likes. When her stepmom warns her about him, it just adds to the mystery. Meredith is having the time of her life and can expand her sensual horizon with Julian that she didn't even dreamed off. But she has secrets of herself. When Alana enters the scene things get even more mysterious. And trust me, you wouldn't even imagine! The past will never let you go. It defines you and so it does these characters. Every time you think you've got one secret revealed, another shows up and you are left with nothing yet again. It all has you in such a grip that it's hard to put this book down. You have to know! You need to know! All the things drive you nearly mad! For a first time work you have to give huge credits to Ana Medeiros for the amazing writing, the stunning story and the complex characters! There are better reviews that can put this book into words much much better! But then, no words can really describe this...you just HAVE TO READ IT!!!!
