Von Ein Kundel'm a little confused as to why this book is being called "Book One of the Dragon Mage," as though Kerr has begun a new series. The story takes up right where the last book, "Days of Air and Darkness," left off. In addition, Kerr spends much of the book returning to an earlier thread of her story that was left unfully told several volumes back. This book therefore seems a direct descendent to her first eight. But why quibble?: This is a worthy successor to her earlier work.As mentioned above, I was pleased to find her finally completing her tale of the Civil Wars, begun so many books back and left dangling for so long. I had begun to despair ever finding out in full about the conquest of Deverry by the High King and his supporters, so many of whom have played successive roles as Kerr's series unfolds. And, I gather, this part of her story is not yet fully over. In a similar vein, I was also heartened by hints that Ebany will once again be appearing, after being rather unceremoniously dumped back in "A Time of Omens." A complete jettisoning of these plot and character elements would have done much to diminish my opinion of this series. As I have thus far enjoyed it greatly, I was pleased that my faith in Kerr's writing had been rewarded.Much more episodic than the current and, apparently, more popular works by Martin and Jordan, this work is nonetheless their equal, and deserving of more attention. While I believe this series overall is deserving of five stars, I gave this particular entry four, as I found Part 3 somewhat weaker in plot than the rest of the book. I realize this may be due to demands placed upon the author for setting up the next book, but nonetheless found this chapter unbalancing to the book's overall structure. This doesn't, however, lessen my anticipation for the publication of the next book. And for those fans already missing the passing of Jill and Nevyn, I suspect Jill in other guise is already back, and Kerr has indicated that Nevyn will shortly follow; Take heart!1 von 1 Kunden fanden die folgende Rezension hilfreich. Deverry SeriesVon Fungal LordAn OK book, though if not a bit too interconnected with the prior books in the series. Having read all the books in the Deverry series, it was not hard to follow. However, if anyone should want to read this book, it would probably be better if they start with either the 'xxxxspell' books or the 'Time of xxxx' books. Nevertheless, it is good in that it is not complete fantasy - i.e. that it is not completely impossible to believe. If you read all the books you end up following the history of Deverry almost as if it had actually occurred. Also, it tells of the lives of people (both the elves, men, dwarves and Horsekin) entwined. A good book overall.0 von 0 Kunden fanden die folgende Rezension hilfreich. My favorite fantasy series...Von Ein KundeOne of the best things I've ever done was to buy Dagerspell several years ago. Since then, I've sweated blood trying to put together the rest of the series, and finally I've succeeded - until the Black Raven comes out, that is. I also agree completely with the fact that this series is deserving of more attention compared to Jordan, Goodkind, etc.For those of you who are waiting for the Black Raven with bated breath, I would suggest visiting [...] - where, oh joy, the first chapter is online to read. For people interested in the Deverry series in general, Katharine Kerr has a website that you can link to off of tor.com. And as to what is coming after the Black Raven, there will be either 2 or 3 more books - I've got conflicting information on that.Supposedly, at the end of this series, things will all link up into one big Celtic knot, and we will finally see the whole story line. Also, all the characters are supposed to come back in the end for a grand finale. Personally, I can't wait till this happens - and I have plenty of speculations about WHAT will happen. Is Jill Rhodry's daughter in this incarnation? Will Haen Marn ever get back to Deverry? Will Nevyn be incarnated as Domnall Breich's son? Will Evandar and his people all be born into the world of men? Will I ever quit asking all these questions? No. Well, I have one final question, which is certainly one that EVERYONE will want to know. WILL THIS SERIES HAVE A HAPPY ENDING?!?

KurzbeschreibungKatharine Kerr's richly imagined cycle of novels set in Deverry and the Westlands has earned a devoted following--and a reputation as the finest Celtic fantasy being written today. Now she returns to Deverry's war-ravaged past....In a kingdom torn by civil war, young Lillorigga seeks to shield her dawning powers from her cruel mother Merodda's manipulation. Mistress of a magic that, untamed, could kill her, Lilli brings her terrifying visions under the kindlier tutelage of the mysterious dweomermaster, Nevyn. But soon she must choose between her own clan and the true king who fights to claim his rightful throne, between sanctuary and blood feud, loyalty and love. Little does she dream that the slaughter she invites, and the malevolence she defies, could stalk her across the ages...twisting and twining the strands of timeless destinies.From the Paperback edition..deLong, long ago in Deverry, Lillorigga, daughter of the Boar clan and cousin to the child-king, becomes enmeshed in the increasingly sinister politics at the palace of Dun Deverry. Not least among the plotters is Lilli's own mother, the enchantress Merodda. Lilli has inherited Merodda's powers, but not her taste for power. When Merodda orders the death of Lilli's foster mother, Bevyvan, Lilli leaves Deverry swearing revenge. Her actions will have consequences not only in her time, but also in generations to come, as those who die are reincarnated..co.ukLong, long ago in Deverry, Lillorigga, daughter of the Boar clan and cousin to the child-king, becomes embroiled in the increasingly sinister politics at the palace of Dun Deverry.
