excellent book! And a gift with words...Von Ein KundeI can't wait to pick up my very own copy of this GREAT book by Virginia Kantra, so I can re-read whenever I want. THE characters are intriguing and sometimes it just AMAZES me the way an author can describe things!VK shows such a gift with words, and I don't want to give much away, but on pp. 14-15, part of her description had me LOL: "...his masculine charge lit her screens up like incoming missiles over the desert."I just LOVED this book! What's next from this talented new author? I can hardly wait!
