I thoroughly enjoyed his book the Dead Medium and have even given it as a gift. The Rekindled Affair by Peter John is just as enjoyable. This author has a way with characters, you can tell he knows how to sum up a person and spot their quirks, regrets, longings, etc. He has a knack for giving readers an easy sense of how his characters became who they are (the good and the bad) like real people. This short story is full of life and a nice taste of the authors style. Well worth the time! 5-stars. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Rekindled Love Von Sheryl! The Rekindled Affair is a very short read that was witty and charming. By Author Peter John who is quickly becoming a favorite author of mine, I find his books refreshing and always great for a laugh. This book has a wonderful story line with charm and humor. A couple reunited after 45 years comes together for a date night. Not like your usual young couples in love, these two have matured and what follows is a fun read! 5 stars for this book of "The Rekindled Affair" and of a Rekindled Love. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Memories, love and reality- terrific! Von Peter Martin The Rekindled Affair by Peter John A wonderful addition to the work from Peter John. The Rekindled Affair is a funny, witty short, concerning a mature meeting of two souls that reunite after 45 years. So funny as often the case with this author and a joy to read. Memories, love and reality- terrific! Sit in one evening and put this delightful tale on your 'to read' list :) Lovely!

KurzbeschreibungWarning! Contains Explicit Innuendo. Robert Jones suddenly reappeared into her life. This was her second chance. He was the one that had got away and he made her feel like a giddy teenager again. Something about him stirred her up inside. A lot had changed in the 45 years they had been apart but at least one thing had stayed the same; he still knew how to press all her buttons. This was the night Victoria Noakes would truly live up to her reputation. The harlot in surgical stockings has a hot date. KurzbeschreibungWarning! Contains Explicit Innuendo. He gained an interest in creative writing at the age of 14 and was published during the 1990's in several poetry anthologies. Happily Married to Jo since 1996 and currently living in Sidcup Kent, not so far from the tree. About Me. I was born in Bromley, Kent back in the early seventies. I spent most of my childhood riding bikes, playing tag and kicking tin cans around the street, unless there was an actual football to hand. At the age of fourteen I had a milestone experience. Prior to that I had never shown the slightest interest in writing, if I remember rightly I wanted to be an astronaut, but then I got put into detention one afternoon. I had failed to bring in my homework assignment and the teacher had punished me by forcing me to write a short story during the lunch time break. While all the other boys kicked tin cans around the playground, I was sat in a room on my own with a sandwich, a carton of Kia-Ora and an exercise book. I picked at the sandwich while staring at the blank pages in front of me and then it happened. All of a sudden a story formed in my head and I almost instinctively threw in down on the paper. 45 minutes passed in what felt like seconds and the short story which I had called 'Thinking Crash' was spread throughout the exercise book in my scruffy, barely coherent handwriting. I had never fallen into a story like that before, where my hand was struggling to keep up with my brain and I didn't look up once from the pages until I heard the lunch bell ring. Ever since that day I have been hooked. I could have been circling the earth in a tin can and eating my dinner out of a tube if it wasn't for that one stint in detention; I still like to consider it as a lucky escape.
