**Von Tim LaHaye, Jerry B. Jenkins : The Remnant: On the Brink of Armageddon: 10 (Left Behind)** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Remnant: On the Brink of Armageddon: 10 (Left Behind):

KundenrezensionenHilfreichste Kundenrezensionen8 von 9 Kunden fanden die folgende Rezension hilfreich. The RemnantVon JimI have never been a very religious person but have to admit that this series really makes you stop and think. I have to admit that I was sorely disappointed with book 9's abandonment of everything I had liked about the

series' preceding volumes. All of a sudden, every single character sounded the same; they made the same kind of wisecracks even in the most stressful apocalyptic situations -- archangel appearances, oceans turned to blood. Everything went too fast. Nothing was described -- just dialogue, action narrative in a somewhat-stilted style. The Remnant, the cast of viewpoint characters grows even more, and half of the thing is devoted to the (attempted) rescue of one believer hostage. But still, everything is much better. The book does begin somewhat predictably. After all, if all these millions of people are trapped in the canyon-walled ancient city with no hope at all, no way out except by a miracle, what do you think is going to happen? Probably a miracle. Noteworthy, though, to "secular" readers: don't think the authors "cheat" with miracles. This book has more of the miraculous than any of the previous. When freshwater rivers turn to blood, we see them ... we know what people are wearing, what their hair and skin looks like ... we "feel" the heat from the scorching Fourth Vial Judgment. The author(s) actually use italics, capital letters -- the narrative gets excited about things. When people die, you feel the hurt this time. It seems that the end is nearing I only hope that the authors do not try to milk to story to much and make this, though I enjoy it, a 12 or 14 book series. Also Recommended: The Price of Immortality is a must read! I HIGHLY Recommend it!

Kurzbeschreibung Nicolae Carpathia has his enemies right where he wants them: massed at Petra, a million strong. The Trib Forces aliases and even their safe houses have been compromised, forcing Rayford, Buck, and all the members to flee for their lives while trying to maintain their overt opposition to the Antichrist. All pretense is gone, even on the part of the Antichrist, as the planet hurtles toward the ultimate showdown between good and evil. A repackage of the tenth book in the New York Times best-selling Left Behind series..deThe success of Jerry B. Jenkins and Tim LaHaye's fast-paced apocalyptic Left Behind thrillers is built on a straightforward Christian message and a blend of dialogue and action; the 10th installment of the series, The Remnant: On the Brink of Armageddon, sticks to the same proven formula that has captivated legions of fans. It's one month into the Great Tribulation, and a million people gather in the ancient city of Petra to await the foretold "Glorious Appearing." The Global Community loses no time in bombing the city, which is completely engulfed in flames, guaranteeing certain doom for those assembled unless a miracle occurs. In other parts of the world, martyrdom continues for the remnant of believers as Global Community potentate Nicolae Carpathia's thirst for blood escalates. There are lots of slick escapes, plenty of intrigue, some genuinely gory moments, and enough gruesome plagues straight out of the biblical Book of Revelation to keep readers turning the pages. When the Chicago believers are forced to scatter and discord breaks out among those gathered at Petra, changes accelerate for the Tribulation Force and other series characters, leaving an ample number of loose ends to be picked up in the next episode. --Cindy Crosby.comThe success of Jerry B.
