KundenrezensionenHilfreichste Kundenrezensionen2 von 3 Kunden fanden die folgende Rezension hilfreich. hat mich beeindruckt!Von sandradoch, dieses buch hat was und zwar im positiven sinne! zuerst wusste ich ja nicht, auf was ich mich da einlasse... ich hab mir nur die rezensionen durchgelesen und gedacht ich probiers mal mit dem buch und war

berrascht.zur story: im groben ist es eine lovestory und schon etwas schnulzig, aber trotzdem sehr gut erzählt und immer spannend. denise hat einen verkehrsunfall mit ihrem sohn kyle, der zwar ansonsten ist wie ein normaler 4-jähriger, sich aber leider nicht adquat sprachlich ausdrcken kann und auch andere nicht richtig versteht. daher hat denise bisher ihr leben zu hause verbracht um sich ihrem sohn zu widmen, und ist aufgrund finanzieller probleme auch extra umgezogen und hat alle ihre freunde zurck gelassen. sie ist brigens allein erziehend... naja, beim unfall wird sie verletzt und als sie aufwacht ist ihr sohn von der rckbank verschwunden. sofort macht sich ein suchteam der lokalen feuerwehr auf um ihn zu suchen, was sich in dem sturm und der nacht erschwert erweist,noch dazu kann kyle ja nichts verstehen. ob kyle nun gefunden wird und was sich da mit dem feuerwehrmann und seiner mutter ergibt lest ihr wohl besser selbst, ich will euch ja nicht die pointe wegschnappen!also, viel spa beim lesen, vielleicht werdet ihr auch sparks fans!0 von 1 Kunden fanden die folgende Rezension hilfreich. smooth transactionVon Mineko IkedaIt was a smooth transaction quick delivery! Excellent Christmas Gift!Von CheyenneI grabbed an advanced reading copy of this book at work one day for a friend, and it sat in my car waiting to be delivered. There it sat... and sat... untill I had a doctor's appointment. I grabbed it on my way in for the long wait and boring medical journals that waited inside. This book sucked me in on the first page. The characters, Denise and Taylor were so realistic. They had everyday struggles and convictions that made these people alive in my mind. This is a page turner book that leaves you with a warm fuzzy feeling and a little faith in people and the power of love. I had never read this type of book before, but now I am an addict. A must read!

KurzbeschreibungHow do you learn to trust again?Denise Hilton, a young single mother, is driving through Edenton, North Carolina, when her car skids off the road during a storm.With her is her four-year-old son, Kyle, a boy with severe learning disabilities for whom she has sacrificed everything. When volunteer fireman Taylor McAden finds her she is unconscious and bleeding, but when she wakes an even more chilling truth becomes clear: Kyle is gone.When confronted by raging fires or deadly accidents, Taylor feels compelled to take terrifying risks to save lives, and the search for Kyle is no exception. But there is one leap of faith Taylor cannot bring himself to make - to commit to a relationship. Will this chance meeting with Denise prove any different?.deDenise Holton's life is a fragile mix of luck and hard work in Nicholas Sparks' The Rescue. A single mum of a speech-delayed son, Denise makes ends meet by moving to the small town of Edenton, North Carolina and working the late shift as a waitress. When Denise crashes her car and her son Kyle flees the accident and disappears into the storm, her only stroke of luck is the quick arrival of Taylor McAden, a volunteer fireman. Taylor's got a knack of fixing people and he can't help wanting to be involved with Denise beyond the initial rescue of Kyle. As Taylor helps Denise recover from the accident, they discover a sweet bond and a magical chemistry that pulls them closer and closer. Though Taylor fits perfectly into Denise's family, he's unable to open his heart to being loved by her. As Taylor struggles to understand his conflicting desires, Denise questions the wisdom of gambling with Kyle's and her own emotions. Author Nicholas Sparks has found a loyal audience for his stories about the internal battles that accompany the arrival of love. His heroes may be truck-driving manly men and his heroines emotionally tragic but it's easy to overlook the traditional roles when the complexities of human relationships are so beautifully described. Sparks has found his forte and this novel is sure to be as popular as his earlier works. --Nancy R E O'Brien, .com.co.ukDenise Holton's life is a fragile mix of luck and hard work in Nicholas Sparks' The Rescue.
