Bibel-Outfit Von Schnucki- puh Aussen : BibelInnen: Besser als Bibel Nein, ganz im ernst, es ist das beste Buch das ich je gelesen habe, meine Katzen heissen Zaphod, Trillian und Marvin. Die Aufmachung des Buchs ist der Hammer! Zugegeben musste ich, obwohl ich die deutsche Fassung mehrmals gelesen habe, bei manchen Wörtern nachschlagen, das Vogonische Gedicht ging im original ziemlich an mir vorbei. Trotzdem würde ich jederzeit mehrere Loblieder anstimmen um Inhalt und Gesamtaufmachung in den Himmel zu heben. Kauft dieses Buch! Diese ist die schönste und wertigste Ausgabe. Trotzdem ist der Inhalt das beste daran. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Schöne Zusammenfassung aller Teile Von Sandro L. Das Buch ist praktisch, da man alle Teile in einem Buch hat. Gerade preislich ist dies die beste Lösung, wenn man alle Teile lesen möchte. Dadurch ist das Buch natürlich schon ziemlich gewaltig (Größe und Gewicht). Um es in der Hand zu halten ist es auf Dauer zu unhandlich. Aber wenn man es beim Lesen auf einem Tisch oder seinem Schoß ablegt, geht es. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Sad but entertaining Von Alice The only reason why this book will make you smile is because Douglas Adams wrote it - yes, the same Douglas Adams who wrote The Hitchhiker's Guide to the Galaxy. Other than that it's a unique compilation of the authors' search for the animals that are closest to extinction, unsure whether they will still find even one of them alive. Spoiler: They do find many. There is a follow-up series by the BBC (available on Youtube) by Stephen Fry and Mark Carwardine which I also highly recommend.

Kurzbeschreibung Following the smash-hit sci-fi comedy The Hitchhiker's Guide to the Galaxy, The Restaurant at the End of the Universe is the second part in Douglas Adams' multi-media phenomenon and cult classic series. If you've done six impossible things this morning, why not round it off with breakfast at Milliways, the Restaurant at the end of the Universe? Which is exactly what Arthur Dent and the crew of the Heart of Gold plan to do. There's just the small matter of escaping the Vogons, avoiding being taken to the most totally evil world in the Galaxy and teaching a space ship how to make a proper cup of tea. And did anyone actually make a reservation? With exclusive bonus material from the Douglas Adams archives, and an introduction by Monty Python star, Terry Jones. From Library Journal Warning! This second volume in the "Hitchhiker's Guide to the Galaxy" series is definitely not a standalone book. Enjoying, or even understanding, the continuing adventures of Earthling Arthur Dent, his strange pal Ford Prefect, and the very, very odd Zaphod Beeblebrox requires previous study and preparation. Confusion and possible insanity awaits the poor soul who tries to figure out the second title without having read the first. Arthur and Ford, having survived the destruction of Earth by surreptitiously hitching a ride on a Vogon constructor ship, have been kicked off that ship by its commander. Now they find themselves aboard a stolen Improbability Drive ship commanded by Beeblebrox, ex-president of the Imperial Galactic Government and full-time thief. Narrated by Adams, this production is a treat for fans of the late author and others who enjoy British comedy. Be sure to buy all five parts of the "Hitchhiker" series or your patrons will storm your office. One caveat: this audiobook will need to be repackaged for library circulation.
