Well-written, well-presented, and it digs deep into what it might be like to be gay-bashed, even if you aren't gay. Get it now.0 von 0 Kunden fanden die folgende Rezension hilfreich. S. Lewis is the Author of Jamaican American Thug Drama which spawned four sequels. J. S. Lewis's life dramatically changed in 2008, in his last year in high school. At the age of 17 years old, he was targeted by thugs to be gay bashed and chased away from high school after rumours spiralled that he was not only Gay but was infatuated by one of the thugs in his class. This 'dark' period triggered events that would mould and change his life forever and inspired him to write his groundbreaking Novel 'Jamaican American Thug Drama.' "I began writing Jamaican American Thug Drama back in 2010 and it was inspired by a very dark period in my life, one that has forever changed my life but one that I am very grateful for because I survived it and it led me to my true self. The events that scarred me actually led me to my true gift and my true self and I promised myself to use this gift not only for myself but for anyone whom it may be able to help, inspire, motivate, mentor, heal, empower, liberate, uplift and share with humanity the magic of light, love and beauty. This is what I believe with all my heart."
