Von **J. R. R. Tolkien** : **The Return of the King: The Lord of the Rings, Part 3** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Return of the King: The Lord of the Rings, Part 3:

KundenrezensionenHilfreichste Kundenrezensionen6 von 6 Kunden fanden die folgende Rezension hilfreich. Ein wunderschner KlassikerVon C. EberharterIch bestellte mir dieses Buch, obwohl noch keine Rezensionen dafr vorhanden waren. Ich bereue den Kauf nicht!ber die Geschichte muss man, glaube ich, nicht viel sagen. In diesem Buch findet die epische Geschichte des Herrn der Ringe ein wrdiges Ende.Meine Hauptsorge beim Kauf des Buches

war die Englische Sprache, da ich befürchtete, die Sprache wäre zu kompliziert für meine (bescheidenen) Englischkenntnisse, doch dies erwies sich als falsch. Das Englisch ist gut zu verstehen, an den etwas altertümlichen Stil gewöhnt man sich nach einigen Absätzen. Besonders hervorzuheben sind die wunderschönen Illustrationen von Alan Lee. Diese kommen ca. alle 20 bis 30 Seiten daher, oft auch Doppelseitig. Sie bieten einen schönen und phantasieanregenden Einblick nach Mittelerde. Die Verarbeitung des Buches ist sehr gut, die Seiten sind fest gebunden, aber auch nicht zu fest. Alles in allem spreche ich eine eindeutige Kaufempfehlung für dieses Buch aus. 4 von 4 Kunden fanden die folgende Rezension hilfreich. The end of the Third Age Von Javier Pleitez The Return of the King is the final part of The Lord of the Rings. In this last part the feeling of good versus evil reaches its pinnacle in LOTR. Tolkien gave incredible detail describing the War of the Ring, as it spanned several chapters. All of the characters are developed further, and for most of the TROT, the story remains a two way split. TROT has an amazing conclusion, and that is partly bad. Upon finishing the novel, I was sad that it was over, and I didn't want it to be over, because Middle-Earth is a great place to get lost in. You go on the journey that the Fellowship undertook, and feel everything that each member of the party felt. This is possible because throughout LOTR, Tolkien wrote vivid passages describing the regions of Middle-Earth, the characters, and what they were thinking. I read TROT more slowly, because I wanted to stay longer than what the novel would allow. The four hobbits of the Fellowship become hardened warriors, a trait that was virtually absent from their kind. Even though the novel finally came to a complete finish, it felt like it left room for more. It's too bad that there is no direct sequel, and while it answers most of the questions left from the end of The Hobbit, the reader can come up with plenty more questions upon finishing LOTR. Professor Tolkien did a work that was unexpected in its depth. He invented several REAL languages and writing systems, a complete history to back the novel, and created a wonderful world filled with diverse races and environments. Some fantasy authors may have tried to reach Tolkien's level in fantasy literature, but I am certain the The Lord of the Rings will never be duplicated. The Return of the King stands as the incredible conclusion of the greatest epic ever written. My only regret was that it ended. 9 von 10 Kunden fanden die folgende Rezension hilfreich. Tolkien's best! Von Ein Kunde Of Tolkien's well-known quartet of The Hobbit and The Lord of the Rings, The Return of the King is the best. The suspense builds as the war comes to its climax. In the West, all efforts are put towards defending the city of Gondor, chief city in Middle-earth, and main defense against Mordor. In Mordor, Sam continues to help Frodo towards Mount Doom, where the Ring can be destroyed. But the closer they get, the weaker Frodo becomes, and the stronger the power of the Ring becomes. Every scene is beautifully written, and even with all the action, the characters still take center stage. The writing is almost cinematic; it feels that real. It's a novel that scares you, grips you, makes you laugh and cry. One of the best novels ever written. After the climax, you begin reading more slowly. Not because it is not interesting, not because it moves slowly by its own nature. You read more slowly because you do not want it to end. After reading these novels, you will not want to leave this world behind. I have one complaint and one complaint only about this book: it is too short. If you die without reading The Hobbit and The Lord of the Rings, you have missed the greatest joy in literature. Do yourself a favor: read these books.

Kurzbeschreibung Concluding the story of The Hobbit, this is the final part of Tolkien's epic masterpiece. Impossible to describe in a few words, J.R.R. Tolkien's great work of imaginative fiction has been labelled both a heroic romance and a classic fantasy fiction. By turns comic and homely, epic and diabolic, the narrative moves through countless changes of scene and character in an imaginary world which is totally convincing in its detail. Tolkien created a vast new mythology in an invented world which has proved timeless in its appeal. From Library Journal New Line Cinema will be releasing "The Lord of the Rings" trilogy in three separate installments, and Houghton Mifflin Tolkien's U.S. publisher since the release of The Hobbit in 1938 will be re-releasing each volume of the trilogy separately and in a boxed set (ISBN 0-618-15397-7. \$22; pap. ISBN 0-618-15396-9. \$12). Copyright 2001 Reed Business Information, Inc. Pressestimmen "The English-speaking world is divided into those who have read The Lord of the Rings and The Hobbit and those who are going to read them." Sunday Times "A story magnificently told, with every kind of colour and movement and greatness." New Statesman "Masterpiece? Oh yes, I've no doubt about that." Evening Standard
