Spectacular!!!Von Megan VillaNever have I come across a better author. Bodie Thoene (tay-nee) is truly amazing. These books are full of drama. It's like the characters became my friends. When I finished the series, It felt as though I lost some good friends. I really don't know if I could be as entertained,

enlightened and fulfilled by reading anything else after reading this series. Originally I was checking the series out one at a time from the library. But when I realized I'd finally found something I couldn't put down, I figured I better buy the whole series. I have never bought books before, because I've never found anything worthy of being read more than once. I was just so compelled and I want to share her writings with all my friends and family. She's spectacular. So is anything written by her husband Brock, who helps her co-write everything. It's almost like watching a movie, because there are so many plots intertwined. I was shocked to read the epilogue in RETURN TO ZION. You'll have to find out for yourself. Just don't start reading in the middle of the series. If I could never read another authors works but one it would be the Theone's. - Megan Villa0 von 0 Kunden fanden die folgende Rezension hilfreich. Incredible series!Von Ein KundeThe Zion series are without a doubt some of the best books I have ever read! The stories are captivating from beginning to end. The historical accuracy is impeccable, and the writers literally transport you into the story. I have read the series several times, and I still can't put the books down. It is refreshing to know that the books are good, clean reading, no profanity or vulgar content. Thanks to the Thoene's for writing such a fantastic series. I can't wait to read the Zion Legacy series!0 von 0 Kunden fanden die folgende Rezension hilfreich. Best Book Series EverVon GBarnettEver since I finished this series several years ago, I have been longing for another "Zion" series. These historical novels set in Israel are so spellbinding. The romance and intrigue keep you on the edge of your seat. Have never found anything to compare to this Bodie Thoene series. Am eagerly awaiting the new "Zion Legacy."

KurzbeschreibungA nation will stand or fall . . . and its all up to one World War II fighter ace.The Old City of Jerusalem is under siege in February 1948. Food and fuel are scarce. Weapons with which to defend the Jewish Quarter are even more so. The U.S. arms embargo against the Jews is still in effect, even though the British openly sell weapons to the Arabs. The Jewish nation needs a miracle.David Meyer is given a dangerous assignmentto hire pilots and buy war-surplus planes that could fly to Palestine the instant statehood is declared. It could cost him his U.S. citizenship, and it would mean leaving Ellie, his bride, in harms way.Worse, the British and the Arab secret operative Montgomery seem to know his every move. Even Haganah leader Moshe Sachar, who has just wed the beautiful Rachel Lubetkin, becomes the target of an evil conspiracy.When David signed up for the war, he hadnt signed up to carry the weight of a nation. Especially when betrayal swirls in the very air. . .KurzbeschreibungA nation will stand or fall . . . and its all up to one World War II fighter ace.The Old City of Jerusalem is under siege in February 1948.
