**Von Debra Anastasia : The Revenger (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Revenger (English Edition):

Von vpobiFirst I thought it is a Drama, a woman lost her husband and daughter by an accident and can't deal with this. She implicated her brother in all of this. Then she comes to terms with her lost by seeing red and get strong by this and take the law into her own hands. So the story takes a surprising twist. Savvy get strong when she sees red and know people are good when they sparkle in golden. Yeah now I was really

surprised, is this a Supernatural story, hmmm. Then Mr. Silas Sagan is very interested in Savvy and kidnaped her by threatens her with the death of her brother. Silas is a very rich and very self-absorbed creep and wants to break Savvy, but she is a fighter and keep up. Then there is Boston here Bodyguard and subordinate to Silas. And here the whole story take a new twist. Yes, I hoped for a little bit Love story between Boston and Savvy. And then the more I learn about Silas, the more I began to sympathize him. Oh yes, he has the world at his feet, but the important thing like love and trust is prohibited from him, but Savvy shows him. Savvy is faithful to her husband because she loved him and her daughter to all eternity. Her war is it, to find justice and the murder of her Loves must die, too. It is a really good reading because it has a lot of genres in it. Also, the secondary characters and their stories are very well described and completed the whole.

KurzbeschreibungThe real hero of this story is dead. You should have met him. He was a beautiful man. The love of my life. I didn't deserve him. Now what's left are the jagged edges of the person I am without him, and what I have to do to get by. This isn't even a story about love. Not really. It's a twisted tale of revenge and hate happily never after. The only man in my life now is the one I have to kill. In Savvy Raine. I used to be a wife. I used to be a mother. Now I am the Revenger. She's made two more sets of eyes with her body, and the kids they belong to are amazing. The poor husband is still looking at her after 17 years of marriage. At least he likes to laugh. Then the freaking dogs are looking at her--six eyeballs altogether, though the old dog is blind. And the cat watches her too, mostly while knocking stuff off the counter and doing that internal kitty laugh when Deb can't catch the items fast enough. In between taking care of everything those eyes involve, Debra creates pretend people in her head and paints them on the giant, beautiful canvas of your imagination. What an amazing job that is. The stories hit her hard while driving the minivan or shaving her legs, especially when there's no paper and pen around. Within all of the lies she writes hides her heart, so thank you for letting it play in your mind. Debra has written a smattering of books in a few genres. There are two paranormal romances in the Seraphim series and now four contemporary romances in the Poughkeepsie Brotherhood series. Fire Down Below and Fire in the Hole complete the Gynazule Comedy Series. The Revenger, a dark paranormal romance, is finally in the light, and the last, a novella called Late Night with Andres, is special because 100% of the proceeds go to breast cancer research.
