Von Linda Kage : The Right To Remain Mine (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Right To Remain Mine (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Entertaining, sexy, fun...Von _yay_ @ Book that ThingRaith Malloy is a tough cookie. Hot, too. What's he doing for a living? Wait for it.....he's a COP! It's no surprise Malloy holds a bit of a grudge against every attorney he sets his eyes on. How dare they try to bust out the sc**bags he sent on a supposedly one-way trip to the pokey! Of course this maddening woman Willow DeVane is one of them.They share a mutual desire to strangle each other. Preferably after a

tumble between the sheets to get this g*d awful sexual tension off the table. Little do these two know that things never go as planned ' especially when someone is out to get Willow. No chance in he**, though. Raith is the only one allowed to wring her delicate neck, and that's final!!! It's always a good sign when the book you're reading starts out with one of your favourite phrases. 'You've gotta be kidding me...' I say that all the time even though I'm German. Let's have a look at the cover. You'll want to give the artist a big fat smooch. It really is great and captures the blurb perfectly. Looking at it I formed certain expectations and I'm happy the author didn't disappoint. Raith Malloy is my kind of hero. Honestly, his name alone made me quiver with excitement. He's also moody, demanding and overbearing. I loved it! Kage has a (for lack of a better word) very visual writing style. I could easily picture not just Malloy in action, but pretty much every scene in this book. There was depth to both the characters and the plot. I should mention the length. 193 pages: not a full length novel ' not a short story either. Kage made sure not to rush anything. The cop versus attorney theme was a risk. Thank heavens she took it. Hatred had to morph into attraction and attraction into...well, y'all like a happily ever after as much as I do, right?! The journey was...just...awesome!! It truly was 'instant lust' that hit them like a ton of bricks. The author built up the tension (on both ends of the love-hate scale) step by step. Loved the fact that Kage switched points of view. Brilliant...how they tried ' very unsuccessfully ' to outsmart each other. Kudos not just for the development of hero and heroine as individuals and as a couple, but also the very real portrayal of their respective occupations. To me it felt like real cop talk. The fact that Malloy had one failed marriage under his belt made it all the more believable. At least I imagine that the divorce rate among people on the force is high. Willow had to be just as tough as Raith; otherwise it would've never worked between them. Hooray for not being a cry-baby. She pulled it together in situations when most people would've lost it completely. Even though the plot mainly revolved around Raith and Willow, the secondary characters played a big part as well. They, too, were very true to themselves. By the end of the story I felt like I'd known them for years already. The best part? There's history between the main characters none of them were aware of at first. You'll be pleasantly surprised, I promise. Some might find Malloy's initial reaction to a life changing surprise not so great, but in my opinion it was the only way to do it. He really was a grumpy d*** sometimes. Weirdly enough it's exactly what made him so lovable. I didn't like the reason for a certain someone stalking Willow. It's hard to explain without giving away too much, but I just think what this person had to endure didn't quite fit the possible consequences for his actions later on. Maybe the author should've given us a little more insight into his mental lexicon. Also, the husband of Willow's best friend had issues with Malloy in the beginning. They disappeared, but didn't get resolved. There's a difference! And let me just add that I'm totally on Dylan's side on this one. I also didn't like where Raith ended up job-wise in the end. He clearly stated he wasn't interested in going down this road beforehand. I think it was supposed to seem like he didn't really mean it. A ~ secret desire to be denied at all costs ~ kind of situation. It didn't feel like one to me, though. Just one sentence / thought about how he's so glad he changed his mind would've done the trick. The verdict: DO NOT MISS!!! A very entertaining 'hot little number'. :-) Kage once again delivered! You should put her on your auto-buy list. NOW! 4 stars to The Right to Remain Mine by Linda Kage. Beware of Spoilers! A few of my favorite quotes for those of you who are interested: 'But, gah, he hated these monkey suits. He was so used to going commando...' '...abrasive polyester pants, and they never failed to irritate the he** out of his balls.' 'G*d damn it, she was a lawyer. Life would su*k like that.' 'He was quite aware of everything she didn't do. Him included.' 'She might be as shaken as a James Bond drink but she certainly didn't have to look it' 'I could probably live with the idea of marrying you...' 0 von 0 Kunden fanden die folgende Rezension hilfreich. Hot stuff Von luka2memphis Clashing characters and soon to be lovers, (sexy) action, suspense and sweet romance. What more can you wish for... ;D

Kurzbeschreibung You have the right to remain cherished. Anything you read or scream out in rapture can and will be used against you in the bedroom of Willow DeVane. You have the right to enjoy a big, sexy cop. If you cant find your own, one by the name of Raith Malloy will be provided for you to enjoy and explore thoroughly within these pages. Tempers flare from the first moment divorce lawyer Willow DeVane crosses paths with sheriff deputy Raith Malloy. Both too stubborn and controlling for their own good, Willow and Raith butt heads until anger turns to passion, and they begin an affair despite their brewing hostilities. But more than one force works against them when they learn Willows being targeted by a dangerous stalker. Kurzbeschreibung You have the right to remain cherished.
