Typische Fantasy Welt, besonderer Hero.Von Kindle-KundeNur eine weitere Parallel Fantasy Welt Story mit einem 0815 Held?Nicht so ganz.In diesem light Novel geht es um einen Menschen aus unserer Welt, der in eine Fantasy Welt versetzt wird.Hier soll er als Held die Welt retten. Klingt im ersten Moment wie die Typische 0815 Helden Story,doch stellen sich dem Helden einige Ungewhnliche Hindernisse in den Weg, die dazu fhren, dass er eine art Anti-Held wird.Dies gefiel mir sehr da ich von den vielen Kiritos in derartigen Geschichten die Nase gestrichen voll

habe. Die Entwicklung der Chars ist wunderbar und ich konnte wirklich gut mitfühlen, besonders da sich die Story im ersten Band dieser Reihe hauptsächlich um 2 Chars dreht. Hier sei kurz angemerkt, dass sich dies im 2. Band etwas ändert, was mich ein kleines bisschen enttäuscht hat. Wer also SAO mochte, aber genug vom ich mache jedem alles recht haben hat, ist hier genau richtig und kann nicht viel falsch machen. Unterschätzt habe ich die Dicke des Buches, wodurch es nicht durch meinen Postkastenschlitz passte. :D2 von 2 Kunden fanden die folgende Rezension hilfreich. Unique Story I guarantee you that (Spoiler Free) Von Alucard I will keep the Feedback in English, since the book is translated in English, if you can't read this you probably should not pick this book. Anyway I read the story till the max official release volume (atm 06), and I plan to keep getting the rest as it comes out. I did this 1st before reviewing, because I don't see a point in giving you guys a review without having some big backup. Also making my Review more Credible than all the others. OK I picked this one up at a friend's advice, but turns out it was, actually, pretty good. And I'm a person who has watched more than 800 anime series, when I say something is good, it probably is! (hehe) The story tags go along with ISEKAI, MMORPG, FANTASY, Medieval set and no Sword Art Online has nothing to do with it. Some of the books I read it in 2-3 days time due to how much engaging they were. It really got to me when I notice I didn't have money to order the rest, dang it's such a nice story to read. The story is told under the protagonist point of view, and the language level is not high has a Spicy Wolf Light novel. The only cliché is probably the first 10 pages, to get you to understand how things started. But after that, it's an entire original setting with very minimal or no clichés at all. The story is not predictable (at least until volume 06) and things just keep derailing as the story progresses sometimes you even wonder what's going to happen or even how was this allowed in a novel for teenagers. I mean it! - Main character is something rarely seen, maybe something along the lines of "Anti-Hero" but in a good sense (ex: Lelouch VI B. from Code Geas)! This guy uses Unorthodox means, for literary everything (fighting included), and you will find yourself wishing you could say "certain things" due to how things are escalating on the heat of the moment. But fear not, he blurts it out for you! Making you feel even maybe some sympathy for him along the series. - Support cast also keeps the story moving forward in unpredictable ways although it's very minor cast at the start (which I makes me love it even more) it will expand very very very slowly along each volume. - So far I only found a few Typos in the latest volumes (5 and 6) maybe due to the releasing rush-schedule. - Book quality, since it's an American book, you can expect it to be poor quality (but not as poor as a Brazilian book), although it might be a bad factor, it can also be good money-wise since it's cheap product you also pay less. - Story length, is hard to say I assume the author must have a very vast sea of ideas, has most of the story up until now happens in a single place, were there are mentions of several other places that I have yet to see (read about). But only the popularity, by buying this series Books, will dictate how further the story grows from here. - The illustrations, are firm and modern. No complaints here (I'm an artist myself). - Story book composition, the Prologs on the start of each book are a bit too long. At the end of the book you get an extra chapter, that is usually told from a different person's perspective. Last few pages, usually bring sketches of the characters design. Ok that's what I have to say, if you're looking for a one of a kind adventure, this is the right book. GET IT! 1 von 1 Kunden fanden die folgende Rezension hilfreich. Fast Perfekt Von I B Das Preis-/Leistungsverhältnis ist Spitze, die Geschichte ist mitreißend und es ist schlicht und ergreifend ein hervorragendes Light Novel. Die Qualität ist auch erst hochwertig und der Künstler verstand sein Handwerk. Die einzige Kritik die man geben kann, ist, dass es teilweise zu Rechtschreibfehlern gekommen ist, welche man nicht korrigiert hat und auf einer Seite war der Druck etwas blass an einer Stelle, aber sowas passiert und strahlt weniger. Wenn sämtliche Rechtschreibfehler ausgemerzt worden, gäbe es nichts zu beanstanden!
