Not bad but nothing special eitherVon CarryOI loved that series and at first I was thrilled that there was a further book in it. The beginning was all I was hoping for. It was really cool to read something about all the other band members and even Olivia and Trace. I loved it how cute Maddox was about his little princes leaving the nest. I adored his overprotective and naive thinking about his daughter. I loved Willow as well. For once it was the female character that

was all wild, carefree and spontaneous...refreshing. BUUUUUT than they went on that Road Trip and it got kind of boring. At first every single day has been described and it was like all they did was eat and sleep. Furthermore it was quite unspectacular how they got together. They realized that they had feelings beyond friendship, they kissed and they were a happy couple. I really treasured the moment they finally ended the trip, it bored the hell out of me. All in all it wasn't bad but I think the author could have done more with this story...maybe the next one Liam, the son of Matthias is a promising character and I'm looking forward to reading it nonetheless. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Teenieromance Von Kindle-Kunde Das Buch ist ok. Ich habe es gern gelesen und es war auch recht amüsant. Allerdings sollte es in der Kategorie Jugendbücher zu finden sein. Die zwei Hauptthemen sind Selbstfindung -verwirklichung sowie wahre Liebe. Muss es nicht noch einmal lesen.
