Von Katheryn Lane : The Royal Sheikh (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Royal Sheikh (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen2 von 2 Kunden fanden die folgende Rezension hilfreich. Sweet and old-fashionedVon CiclochickI was advised that this was a romance classified as 'sweet' in terms of levels of 'page sizzling' content. It was indeed 'sweet', but it was also very sweet as in old-fashioned. Not that I have actually read any, but it did occur to me that this might be a very Mills Boon/Harlequin-romance-type novel. It was probably typical in

that the format was quite stereotyped and predictable ' boy meets girl, falls in love with girl at first sight, does his best to find her when he fails to find out her contact details, chance and luck play their parts, then follow misunderstandings causing boy and girl to break up, but boy and girl can't live without each other, chance and luck are at it again and before you know it, it all ends".? Don't forget I did say it was predictable.I liked it ' it was indulgently sugary, innocent, charming and gave you a warm feelgood afterglow. It wasn't taxing, it was delightfully easy to read and the author had a very pleasant and especially refreshing style. There was something very clean and crisp in the writing as a result of the author's avoidance of any contractions in the narrative (not a 'wasn't' or 'didn't' to be found). It was very hard not to care about the two main characters, Clare and Rafiq. They were both independent, knew what they wanted and the misunderstandings that gave their relationship the runaround were neatly laced into their lives, never leaving you frustrated or wishing the pace of the story would step up a gear. Not a long novel, but it was well designed.I think I prefer a slightly more robust romance ' something in the middle of 'sweet' and erotica ' but it was hard not to like this; it was light, airy and enjoyable, just right for a quick and uncomplicated read.1 von 1 Kunden fanden die folgende Rezension hilfreich. An old fashioned romanceVon loquere veritatemJust occasionally, it's good for an older man like me to get away from the blood and musket adventure or crime thriller that would be my preferred genre, and settle down to read a good old fashioned romance, and that's exactly what I found in this book. I read this novel from beginning to end which says a lot for it, because all too often recently, I have found the "Romance" genre to have been hijacked by being unnecessarily descriptive of bedroom intimacy, which quite frankly, turns me off. So if you like a straight forward romance... this is a great book but it is not steamy. It's a good old fashioned romance where girl meets boy but boy isn't all that he seems. What I really enjoyed was the way that the writer keeps the story moving. Even though I was not burdened with endless character descriptions, I am left with the feeling that I know the main characters personally. Now that's the sort of achievement I like in a novelist. I enjoyed reading this novel but I didn't quite love it. It therefore falls between 4 and 5 stars on the scale.

Kurzbeschreibung "I could not stop reading this book . . . a great romantic story" ~ Readers Favorite"If you believe in romance then you will want to read this book." ~ Regina Pukett, author of Waiting for Mary ElizabethGet swept away to the desert with The Royal SheikhClare McKay is a dedicated architect with no time for womanising men. That is, until she accidentally meets Sheikh Rafiq Al Kahil, an Arabian prince, known in the international press as the Playboy Prince. Clare is intent on not falling for his seductive charm, but when he asks her to design a mansion, he presents her with an offer that she can't refuse. Once she finds herself alone with him in the Arabian desert, how long will she be able to hold out against his advances? And will he be able to cast aside his womanising past for her, as well as a secret engagement to an Arabian Princess?"An incredible read" ~ Michelle Hughes, author of Defying The SheikhIf you enjoy Harlequin Sheik romance novels, you'll love this bestselling desert romance by Katheryn Lane!* * * * * *
