**Von Camille Oster : The Rules of the Game (D'Arth Series Book 1) (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Rules of the Game (D'Arth Series Book 1) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Great

novel Von Customer One thing I really liked about this novel was the strong female character. Jane is a witty, confident and intelligent woman who has lots of spine - something I missed in many romance novels I've read lately. And while Jane has a strong personality, she never comes off as too perfect, but as a believable character who also has her flaws, however, stays likeable. The pace of the story was good and allowed the characters (as well as the main characters' relationship) to grow and develop and stay realistic, which I think is very important. I suppose some would say that the ending was abrupt, however, I believe it ended perfectly the way it did. This way the author avoided getting all mushy and kitschy - which would have not fitted the general mood of the story (which was somewhat angsty in parts and not all "rays of sunshine"). Update: You actually get to see a little more of their relationship in the book "The Gift". CONCLUSION: "The Game" is a novel that I can only recommend - especially to people who like romance novels that aren't too sticky sweet. 0 von 1 Kunden fanden die folgende Rezension hilfreich. Exciting and compelling Von Customer I started reading and couldn't put it away. I loved the tension between them. Really well done. By far my favorite book by this author.

Kurzbeschreibung Jane Burrows knows that the corporate environment is difficult to navigate at the best of times. It is especially difficult when the important account lead hates the very sight of her. Damon D'Arth is a corporate warrior who knows his way around the politics in the world for major infrastructure. Jane needs to stand up for herself and her mentor's interests. This job is the key to Jane's future and she's been given a great opportunity, but now she needs to prove that her promotion was justified. She just isn't sure she can survive in this high pressure environment with hidden dangers and equal exhilaration. Her mentor's support is the only thing that is keeping D'Arth from ripping her to pieces.
