Great afternoon spent reading this book!Von -KundeThe best thing about the book is the way Kyle is described. The reader gets the chance to follow his development over 4 Years. Sometimes it hurt and it wasn't easy to like him but then he changed and made the best of his situation. I didn't even recognize the moment I went from being skeptical about

Kyle's characters to seriously falling in love with him. I loved the way Parker Avrile used different accents to make differences between his characters in the way their personal speech was written. It made it easy to distinguish between Kyle and Bryce. And with Bryce I am at the point why I didn't completely fall for the book. I just missed him in the book. I got to know he is the main character because he has his own point of view portrayed but somehow I only got his infatuation with Kyle was about Kyle's looks. Nothing deeper. When the two of them were together it was never Kyle who described the situation he only ever got to remembering past encounters and that he kinda lost his chance and made mistakes. All in all it wasn't a lot of love in the story. But it is only the first part of the series so I hope that changes in the coming books. For readers who are looking for steamy sex scene.... you should choose a different book. For the ones who want to read a story with real character growth and likeable characters (I LOVED Michel. hope he is going to be alright. He and Arnold should both have each their own love story soon.) I totally recommend this book. It is a breath of fresh air in this sexed up genre. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Exciting story... Von CustomerWow it was really exciting although a little surreal like in movies like unauthorized operations and stuff... Can't wait to read Part II
