Kurzbeschreibung 'Funny and flirty, we guarantee you'll devour this book in one sitting' Glamour
Amy Wilde is tired of being set up by her glamorous friends - she'd much rather be digging in the garden with her dog Badger at her side than trying to find the man of her dreams. That is, until she meets Leo Wolfsburg. Handsome, polite and funny, Leo is everything Amy could want in a boyfriend. Best of all, the attraction seems mutual. But Leo's lifestyle is a world away from her own: private planes, charity balls, exclusive members' clubs... They're from two different worlds, but is that enough to keep them apart? What readers are saying about Hester Brown: 'What a delicious, witty story, I loved it!'
Sophie Kinsella 'Deliciously addictive, feel-good comedy - perfect for lazy days on the beach' Cosmopolitan
