Kurzbeschreibung Samurai Takeo is a monster of a husband to his timid wife Shinju. When she calls on the dragon god Watatsumi to teach her husband a lesson, the dragon shows the samurai just what it feels like to be the wife of a monster... WARNING: This 4800-word erotic story by Josh Lark contains explicit anal sex between two men, a shapeshifting Japanese dragon, and asphyxiation during an orgasm. Better to tame your own dragon while reading than have this dragon tame you. Kurzbeschreibung Samurai Takeo is a monster of a husband to his timid wife Shinju.
