**Von Ellis Peters : The Sanctuary Sparrow (Chronicles Of Brother Cadfael)** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Sanctuary Sparrow (Chronicles Of Brother Cadfael):

Rich and rewardingVon Ein KundeEllis Peters, as always, creates a tense, yet delicately crafted, net of secrets and thoughts, and a solid and careful detangler of mystery in her beloved Brother Cadfael. I found the contrast of the pairs of the lovers in the end not syruppy, as one reviewer noted, but a fascinating study in the ribbons of pain and hate and even evil that

can be woven through love. The two pairs are contrasts as clear as shadow and light, yet the source is the same - the flame of love is what creates the darkness of the shadows and the fire-glorious of the light. You wish you could untangle them, give back the darkness to the night where it belongs, but in this book the heart turned awry cannot grow back, cannot untwist itself, and is thrown into the never-ending dark. The reason I don't find it syrupy is that I think that while the focus seems to be on the fate of the two stubborn, delicate youngsters in love, Peters is really intent upon the other pair, the pair of lovers whose love brought them darkness instead of light. In any case, this book is like most of Peters' others - a finely texturized and woven tapestry of history and people in all the colors of blood and earth and that long-ago sky.0 von 0 Kunden fanden die folgende Rezension hilfreich. This bird soars!Von Ein KundePeters weaves a darn good tale. While it ends in the usual Peters's fashion with the love-birds off to a good start to a bright future, she constructs one of the most surprisingly vicious villains of the chronicles. She adeptly juggles a complex plot line and insightful characterizations.0 von 0 Kunden fanden die folgende Rezension hilfreich. Great action in this oneVon NormThe story line is full of surprises and excellent suspense. The ending isn't up to Peters' standards, though. Enjoyable reading none the less.
