Von David Eddings : The Sapphire Rose (The Elenium Trilogy, Book 3) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Sapphire Rose (The Elenium Trilogy, Book 3):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Fantasy wie ich sie mag, Teil 3Von Bjoern SchultheissDie Elenium Reihe und danach die Tamuli Reihe (auch wenn diese einige Lngen aufweist) gehen auf der Liste meiner liebsten Fantasy-Bcher ganz weit nach oben.Die Geschichte weit alles auf was man von guter Fantasy erwarten kann und hat einige interessante Wendungen zu bieten (hier mehr dazu

zu schreiben wren echte Spoiler, daher verzichte ich darauf). Die Charaktere sind facettenreich und besitzen Tiefe, die Geschichte ist spannend, bietet Kampf, Intrige und Humor sowie Magie, ohne das Letztere, wie in so vielen anderen Geschichten bermchtig wre. Ich kann diese Eddings Reihe nur empfehlen. Ich habe auch seine Belgarion-Saga gelesen, die ich ok fand, seine neueren Bcher waren nicht mehr so mein Fall, aber Elenium und Tamuli habe ich inzwischen mehrfach (zuerst auf Deutsch und spter nur noch im Englischen Original) gelesen und werde es vermutlich irgendwann noch einmal tun! 0 von 0 Kunden fanden die folgende Rezension hilfreich. Eddings Best Von Ein Kunde Once again, David Eddings has surpassed the standard for the fantasy book genre. In *The Sapphire Rose*, Eddings' characters stand out better than ever. His characterization is bold, and yet all of the characters are similar in terms of audacity, wit, and sense of humor. Insignificant characters from previous novels are finally appearing in major roles. And once again, Sparhawk and Ehlana's witty battles add new spice to this already fantastic series. Despite the fact that this is the 3rd novel based around the adventures of Sparhawk, it's just as original and intriguing as the first. In my humble opinion, Eddings has unleashed a whole new world of fantasy, and *The Sapphire Rose* has completed yet another superb series of fantasy novels. Bravo. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Again! Von Ein Kunde How many times can David Eddings write some little tale about a blue stone that is actually the force of good in the universe? Always, some mortal man picks it up and uses it to kill a God, only the BAAAAD force of the universe is actually in the God. No wonder he can pump out the books, he just scribbles out the names and locations, and fills them in! The characterization is good...if you only want one character that is. Every single one of them cracks the same jokes, has the same grin. Amusing for the first 20 pages or so, then its stereotypes and repetitive humour starts to come out. If you are searching for a good argument again human cloning, then read this book. A world of identical personalities loses its vivacity pretty quickly

Kurzbeschreibung Book Three of the ELENIMUM is fantasy on a truly epic scale, in which the Pandion Knight Sparhawk must finally use the power of the jewel. Sparhawk and his allies have recovered the magical sapphire Bhelliom, giving them the power to wake and cure Queen Ehlana. But while they were away an unholy alliance was brokered between their enemies that threatens the safety of not just Elenia but the entire world. By returning to save the young queen, Sparhawk risks delivering the Bhelliom into the hands of the enemy. As battle looms, Sparhawk's only hope may be to unleash the jewel's full power. But no one can predict whether this will save the world or destroy it. From Publishers Weekly This final volume of the Elenium trilogy, which began with *The Diamond Throne*, is also set in a magic world in turmoil. Here we follow the Pandion Knight Sparhawk as he uses the infinitely powerful sapphire-rose jewel Bhelliom to awaken Cimmura's queen Ehlana from the poison administered by the primate Annias, who seeks control over her kingdom and, in particular, her treasury. Annias is supported in his bid to become archprelate of the Church of the Elenes by the Elder God Azash, imprisoned by his fellow gods and seeking release through the powers of Bhelliom. After Sparhawk is coerced into marriage by Ehlana, he sets out with his companions, including the Styric seer Sephrenia, for the Holy City of Chyrellos, to rescue his people from destruction by Azash and his archpriest Otha. Having saved the city from its besieger, Martel, the small band of adventurers must proceed to Azash's lair to vanquish him and safeguard their world. Eddings adroitly mixes the exalted with the mundane in a tale that should satisfy his many fans. Copyright 1991 Reed Business Information, Inc. Pressestimmen 'What separates the grown-up authors from the boys is the quality of the writing and David Eddings is one of the best' *Western Mail* 'Sparhawk is the best-realized hero in modern fantasy' *Daily Telegraph*
