The timeing and contents of this book was amazing. My life paralleled this book so closely that it was eerie. I have been struggling with similar life changes initiated by my husband and seeing it as a inconviene. Never did I look at it as God's master plan because

then I would have to yield my own way. The comments that each character made within the book and my life were very similar. Even after reading about her being pulled over for a speeding ticket, my son came home from High School with his first speeding ticket. But God even allowed that to happen to drive home the point that he was trying to tell me something thru this book. Let me tell you at a cost of \$100.00 I got the point. I learned and am trying to change my life to reflect that my will is not the most important thing in Gods master plan. But when I submit to the changes around me and let God lead and direct our family, oh how much better life can be. THANK YOU FRANCINE for being an instrument of Gods' in changing my life. It is greatly appreciated.0 von 0 Kunden fanden die folgende Rezension hilfreich. WonderfulVon Ein KundeI read this book for the first time a few years ago, and need to come back to it every now and then to reread it. I have to say that in all the years since I read it, I've never quite managed to forgive Alex for making their family move. However, after that first decision was made, all of the characters had bad decisions that they made that they could have reconsidered. I think I liked it because it had real problems, and was realistic; no villains, no perfect saints, just ordinary human beings trying (and sometimes failing miserably) to get along and care about each other. It was also moving to see how truly aiming to live a better life (as Sierra did) could truly change circumstances even when they had gone so far awry. I also realized again that although others may make bad decisions, we are only responsible for our own, but we are thoroughly responsible for those. Someone we love may hurt us greatly, but we can still choose our reaction to them. I would definitely recommend this book.0 von 0 Kunden fanden die folgende Rezension hilfreich. I don't know what the person under me was thinking!Von Sarah PearsonThe person under me who put down a 6 doesn't know what he's talking about! I'm not usually this foward...okay, I'm NEVER this foward, but I have to say my part. It is very true, this book isn't like her other works; she is dealing with the here and now, not ancient times. This book is so very true, and it's one of my favorites by her. I am not one for sappy love stories; they make me sick, especially when the woman does whatever the man says. In this book you see not a sappy woman but a woman torn; she loves the man she married, but is embittered by his decisions without her. And when he betrays her, I personally felt ready to kill him. I URGE you to read this book! This book is one in a million for all ages! I believe that this book ranks up there with her Mark of the Lion series. It's truly a masterpiece.

KurzbeschreibungTwo women, centuries apart, are joined through a tattered journal as they contend with God, husbands, and even themselves . . . until they fall into the arms of the One who loves them unconditionally. Sierra Madrids life has just been turned upside down when she discovers the handcrafted quilt and journal of her ancestor Mary Kathryn McMurray, a young woman who was uprooted from her home only to endure harsh conditions on the Oregon Trail. Though the women are separated by time and circumstance, Sierra discovers that many of the issues they face are remarkably similar. By following Mary Kathryns example, Sierra learns to surrender to Gods sovereignty and unconditional love.KurzbeschreibungTwo women, centuries apart, are joined through a tattered journal as they contend with God, husbands, and even themselves . . . until they fall into the arms of the One who loves them unconditionally.
