Von Roxy Sloane : The Scene 3 (Bad Boy Billionaire) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Scene 3 (Bad Boy Billionaire) (English Edition):

The Scene definitely got better with each bookVon CassandraThe Scene definitely got better with each book and I couldn't wait for the conclusion to see if I was right...and yes, I KNEW IT!It took me some time to get into the series and I wasn't really convinced about this storyline at the beginning. I was missing something, but other parts got me curious so I've kept going and wasn't disappointed.Xavier is definitely a guy to fall for. Nikki hasn't really convinced me as a

person. She's likable, but you also wanna slap her across the head a time ore two. The chemistry between these two is undeniable. This isn't only about Miami being a glamour city, but also show some uglier side to it.

Kurzbeschreibung**Warning: this is a filthy, deep f**% of a read. Bring your extra batteries and a spare set of hands for the explosive final book in the series**I cant hide it anymore, Xavier has me right where he wants me: naked, cuffed to his bed, and begging for more. I should be on cloud nine, but theres a secret hes hiding, and it could tear us apart.Time is running out, but all I want is him.Every last inch.The series concludes!Kurzbeschreibung**Warning: this is a filthy, deep f**% of a read.
