Von Robert Ludlum : The Scorpio Illusion (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Scorpio Illusion (English Edition):

Kurzbeschreibung A brilliant, high-tension thriller from the Sunday Times bestselling master storyteller... Tyrell Hawthorne was a naval intelligence officer until his wife was murdered. Now Hawthorne has been called out of retirement for one last assignment. For he is the only man who can track down the world's most dangerous terrorist, Amaya Bajaratt, who has set in motion a chilling conspiracy that a desperate government cannot stop. Hawthorne must follow Amaya's serpentine trail to uncover the sinister network that exists to help this consummate killer. And Hawthorne must discover the shattering truth behind the Scorpio Illusion... From Library Journal Ludlum fans who perhaps were frustrated by the author's last three novels (e.g., *The Gemini Contenders*, Audio s, LJ 4/1/93) have a genuine treat in store with this one. The master of international intrigue is back, make no mistake about it. The producer offers an excellent abridgment, and the story is enhanced with music and read expertly by Robert Lansing. This is a riveting, fast-moving thriller full of violence, sex, thrills, and electronic wizardry--all the things one imagines for today's terrorists and intelligence agents. The story concerns Amayra Bajaratt, a beautiful terrorist, whose goal is nothing less than death for the heads of state of England, France, Israel, and the United States. Enter Tyrrell Hawthorne, ex-naval intelligence operative recruited by British military intelligence to stop "Little Girl Blood."
