**Von Jill Jones : The Scottish Rose (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Scottish Rose (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Little-known history + poignant romance = terrific read!Von kellytwoThe gift of the story-teller is to enable the reader to

experience the same wonder and awe of the 'what-if?' as does the writer at the moment of inspiration. In her third book, Jill Jones demonstrates anew both her superior imagination and writing skills. If you've ever wondered what Scotland in the 1650's was like, here is perhaps more than you really wanted to know. For the very 1990's television personality Taylor Kincaid, the experience comes as part of her search while filming the lore and legends surrounding the Honours of Scotland which were part of the Majesty surrounding Mary, Queen of Scots. Did Mary really provide an additional treasure to accompany the crown, sceptre and sword? If so, where is it? And, what happened to those Honours during the Civil War? Further, what -- if anything -- does the rock structure known as the Ladysgate have to do with the long-deposed Queen? Taking her crew from New York to Scotland, Taylor uses the opportunity to ! check out an inheritance from a relative of whose existence she hadn't known. Handed down through the ladies of the family, there is a diary and letters detailing Mary's chalice, The Scottish Rose, as well as its hiding place during the Cromwell era. Duncan Fraser is a widower who has turned into himself after the deaths of his two young sons. Such fulfillment as his life has now, is as the chief of the coastal rescue mission. Although in his opinion he has rescued entirely too many fool-hardy wanderers from the rough North Sea around the Ladysgate, he can't imagine quite why he is so concerned about someone who hasn't even asked for his help. Instinctively, he senses her plea for help over time and distance, and plunges into the past after her. Together, they, along with the deaf-mute boy, Pauley, contrive to become a part of history without distorting it. The research required for this marvelous book is simply mind-boggling, not to mention the intriguing way in which it is presented. How many of us, after all, are that well acquainted with any history of three or four hundred years ago? It is a tribute to the author that no single thread of this complex tapestry is allowed to overshadow any other, yet the result is so vivid and so satisfying that you'll wish you could hang it on your wall.0 von 0 Kunden fanden die folgende Rezension hilfreich. An above-average romance with a realistic core coupleVon Elizabeth HamletThis book pulls off the difficult task of creating a realistic relationship in a never-never-land setting. Taylor and Duncan are a refreshingly natural pair of lovers who deal with their extraordinary circumstances in a genuinely compelling way. Except for the standard happy all-the-loose-ends-tied-up-a-bit-too-neatly-ending, a really fine romance. I am English myself and can vouch for Miss Jones' historical homework - I have always wondered when someone was going to write a novel about the Honours of Scotland.0 von 0 Kunden fanden die folgende Rezension hilfreich. Really goodVon Susan C. Saberi-FaschingbauerJill Jones is also very good with time travelling novels.This book, for example, seems to all my inferiorhistorical knowledge quite accurate. It is alsoexciting and romantic.

KurzbeschreibungThe Scottish Rose seamlessly blends the elements of romance, time-travel, adventure and danger with truly spectacular results. Romantic TimesTaylor Kincaid is the host of a popular television series that debunks myths and legends. So when she travels to Scotland after receiving notice of an inheritance, she hopes to unravel the mystery behind a local legend surrounding the disappearance of locals through the Ladysgate, an archway of stones just off the Scottish coast. Despite the warnings of rugged sea captain Duncan Fraser, Taylor sails toward the arch. But when a vicious storm strikes, she is thrown overboard and through the portal, with Captain Fraser close behind her.Together, they come to grips with the inconceivablethey have somehow ended up in 1651. Taylor and Duncan soon find themselves thrust into a desperate plot to save the Scottish crown, sword, and scepter amid imminent peril. As they attempt to re-cross the centuries, they risk losing the love they've found in a time long past.Pressestimmen"Jill Jones is one of the top new writing talents of the day."--Affaire de Coeur"Seamlessly blends the elements of time travel, romance, adventure and danger with truly spectacular results."--Romantic Times
