Not very romantic!Von Joyously Retired TeacherReluctant husbands are a common theme in historical romances, but this one takes the cake! Usually there comes a point where the hero's initial

reluctance to marry falls to the wayside in comparison to his love for the heroine. In this book, the hero is deliberately cruel in rejecting the heroine's obvious feelings again and again. The reasoning--because he is a philanderer and doesn't want to hurt her with his infidelities--just doesn't ring true. His behavior with the heroine--ranging from total rejection to brief passionate interludes to pretending to court other women and fondling the maid in her presence--is the epitome of cruelty. And the heroine--how disappointing that she seems come back for more of it again and again. She seems to lack the self-respect to pick herself up, dust herself off, and move on with her life. Her love for the hero is more like a childish infatuation that doesn't fade away with maturity. Come to think of it, she doesn't seem all that mature either. It's truly hard to believe this couple will live happily-ever-after, and that's the biggest reason for my disappointment with this book. Sherri Browning is a great new talent--the writing is superb--but a bit of work on her plotting and characterization wouldn't go awry. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Well-written historical romance Von Ein Kunde Calandra Locke relished growing up as a companion to the heir of Scarborough Park. Though only the daughter of the steward, she was treated by everyone as if she was royalty. Perhaps the reason she enjoyed her idyllic childhood so much was due to the fact she loved her friend Scarborough Weston. Six years ago, Scar sent Calandra off to Lady Shelbourne's School for Girls. Now she has returned and is a polished lady. Her objective has not changed from her childhood. She desperately wants Scar to love her and cherish her as his wife. Scar finds her absolutely beautiful and is falling in love with Calandra. However, her father objects to a rake like his master as her suitor and his family believes he needs to marry one of his own kind, not a commoner. THE SCOUNDREL'S VOW is a warm Regency romance that will provide much pleasure to fans of early nineteenth century love stories. The story line is entertaining as Calandra goes after her soul mate. Scar is an interesting character due to his flaws which make him easy to connect with by readers. The obstinate Calandra will not attain reader empathy because she seems more one-dimensional as she is obsessed with marrying Scar. In spite of this weakness, Sherri Browning scribes a very entertaining debut novel that will leave readers seeking future works by this new talent. Scar is the classic tortured hero, and Calandra a woman who knows what she wants. Him. Unfortunately, as in real life, getting what one wants isn't that simple. And so begins a fast-paced, entertaining ride set in the Regency period. Ms. Browning has created a fun cast of characters (two and four-footed) and an enjoyable plot--the perfect book for a cozy evening's read on the couch while the fire roars merrily in the fireplace and one's own dog lays at one's feet. Ms. Browning's next book will be out this summer and I for one am looking forward to seeing what this promising and exciting author will bring to her fans next!

He made a vow to marry, but he didn't count on being held to his word. And now the woman who tempts him is the one woman he can't have... his steward's daughter, Calandra. She was young, beautiful, innocent. He vowed to protect her... from himself. Meet the author... Sherri Browning. I've been reading historical romance for years and now I'm thrilled to announce the release of my debut novel from Dell. I hope you enjoy reading it as much as I loved writing it! Best, Sherri
