Love Romantic Suspense--Read This Book Immediately! Von paula\_k\_98 There are some stories you just don't want to end. The Search by Iris Johansen is one of those stories. This book not only brings back all the characters from Ms. Johansen's last two novels but provides a story that went way beyond my expectations of this book. John Logan, that wonderful millionaire who helped Eve Duncan search for the remains of her murdered daughter is suddenly slapped in the face with horrendous evil from his past. When one of his research facilities is blown up and a brilliant scientist is kidnapped, Logan calls in Sarah Patrick and her golden retriever, Monty. Logan knows his only chance of rescuing the scientist alive is through the special talents of Sarah and Monty. He promises Sarah that this is a one-time job and then he will never bother her or Monty again. However, what is supposed to be a one-time deal explodes as Logan frantically tries to confront his past and save those in the present. The chemistry between Logan and Sarah sizzles. The evil is enough to give even hard core suspense readers chills up their spines. There are no words to adequately describe this novel and sensations it makes you feel. This book is fantastic. I especially love the way Ms. Johansen not only shows the communication between Sarah and Monty, but also gives Monty his own story line that keeps the reader intrigued. I would love for Ms. Johansen's next novel to feature one of the secondary characters in the story named Galen. He definitely sounds like a lead character that deserves his own story. Put out your hard-earned money for this novel. It is well worth the investment. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Loved this book Von Charlotte Keane I'm hooked, I just finished this book and The Killing Game and I can't wait to read more of Iris Johansen's books. I couldn't put it down, great characters and charisma. I loved it. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Excellent thriller Von Ein Kunde Monty is a search and rescue dog who, along with his human companion Sarah Patrick, is dedicated to saving people from disasters. They seek survivors, but mark the locale of the dead. Manipulative billionaire John Logan knows the dramatic success of this team, having used them once before. He needs them again, but knows Sarah would never voluntarily help him. He manipulates the situation so that Sarah has no choice but to assist John. A scientific research team working for John in the Colombian jungle was attacked, leaving everyone dead except an irreplaceable scientist who was kidnapped. John needs Sarah and Monty to locate the man so that his team can rescue the victim. The mission turns into a partial success as they rescue the scientist, but fail to kill the culprit. John knows that the perpetrator is his most deadly enemy, who will continue to attack him unless John kills him. John also knows that Sarah and Monty have been marked by his foe. He places them under his protection over Sarah's objection. The danger brings them closer together but they must live long enough to enjoy the feelings that are developing between them. Fans of Iris Johansen will be excited by the lead appearance of the magnetic secondary character from THE FACE OF DECEPTION and THE KILLING GAME. The charming, manipulative anti-hero meets his match in the strong-willed, exasperating, but intrepid heroine. The complex characters enhance a rich, fast-paced story line that turns into a thrill a page. Readers do not have to search any further than this novel to find Ms. Johansen's next trip to the bestseller lists. Harriet Klausner

Kurzbeschreibung He strikes without warning....he kills without mercy....he's only just begun.... Iris Johansen, the New York Times bestselling author of The Killing Game and The Face of Deception, delivers a gripping new novel of breathtaking suspense and explosive adventure. It is the story of a courageous woman who is coerced into tracking down a ruthless killer--but as she hunts out her prey with stunning accuracy, she becomes the object of his wrath.... As part of an elite K-9 search and rescue team, Sarah Patrick and her golden retriever, Monty, have a gift for finding what no one else can--whether it's a survivor buried alive by an earthquake or the skeleton of a murdered child. But their latest assignment is not like the others. This time Sarah is being forced to take part in a deadly mission...by a man who knows enough about her past to ensure her cooperation. A man who won't take no for an answer. John Logan is used to getting what he wants, and what he wants now is Sarah's help. His top-secret venture has been sabotaged, its facilities destroyed, and its handpicked staff massacred. The sole survivor is being held for ransom. Logan knows that the only way to save the man--and the secrets he holds--is to find him as soon as possible. Smart, tough, and uncompromising, Sarah is furious when she is strong-armed into joining Logan on his search. And once she takes the perilous assignment, she realizes that Logan's promises that she and Monty will be safe may not be enough to protect them. Because a killer is devising a sadistic vengeance...and he may soon find use for Sarah. Racing against time to stop the bloodshed before more victims are claimed, both Sarah and Logan will look straight into the heart of true evil. And when the killer's search for revenge finally ends, no one will ever be the same again.... From the Hardcover edition. de Search-and-rescue worker Sarah Patrick and Monty, her talented golden retriever, take center stage in this deft, suspenseful outing. The immensely appealing heroine was introduced as a secondary character in Iris Johansen's previous thriller The Killing Game. Back, too, is John Logan from Face of Deception, the charismatic billionaire whose very personal vendetta against a stop-at-nothing killer pulls Sarah into a high-stakes game of search and destroy. When Logan's top-secret research station in South America is attacked and his chief scientist kidnapped, Sarah and Monty manage to track the hostage through the jungle and save his life. But that's only the beginning in what turns out to be a series of sadistic and deadly attempts to destroy Logan. Despite Sarah's initial distrust, she

comes to respect and ultimately love Logan--which makes her and Monty targets for the killer's vengeance, too. The action moves swiftly across the globe, from the American Southwest to Colombia to Taiwan, and finally to North Dakota, in a tense, dramatic denouement. Johansen manages to explicate her characters' back-stories and illuminate their motivation as she moves the action forward with skillful pacing. Fans of the author's previous suspense thrillers featuring forensic sculptor Eve Duncan won't be disappointed that she plays only a bit part in Johansen's newest; Sarah and Monty are worth a series of their own, and *The Search* is a terrific beginning. --Jane Adams.com
