A gifted writerVon Christoph Fischer"The Secret Life of Girls - full length erotic novel (Xcite Erotic Romance Novels)" by Chloe Thurlow was recommended to me by a friend and I must admit I was sceptical to read a full length erotic novel.However, this is more than you average romance/ erotica. The main character is a very sexual and confident young woman with brains as well as sexual organs. Clear in what she wants she is much more a player than a victim of her sexual predators. She likes girls as well as boys, makes excursions to the local sex shops and experiences the commercial world of sex as well as the personal.The book shows the ambiguity of youthful sexuality and the psychology of sexual trades incredibly well and to me it felt that the sex scenes were secondary to the original approach to the story and the impressive writing.Being told from her perspective and written by a woman rather than a man the story has much more credibility and bite than other famous books in the genre. [I for one did not 'get' Lolita but I did 'get' this book].The tension between Bella and her lovers is however very erotic, the sex scenes are equally well written with emphasis on the erotic rather than the explicit.Thurlow is a gifted writer who I hope will branch out into other genres, too, or continue to bring her erotic stories into the literary fiction market.0 von 0 Kunden fanden die folgende Rezension hilfreich. Extra steamy!Von B NelsonIn The Secret Life of Girls (a full length erotic novel) author Chloe Thurlow proves once again why she is one of the best writers in this genre. With just the right mix of plot, tease, erotic lust and amusing characters, Thurlow lures us into young Bellas playful world. But Bella is more than beautiful and less than nave, and that is where this book finds its strength . . . its not just another erotic tale. Be assured there are plenty of extra steamy scenes and there is even an audio version available, but I would not advise people to listen while theyre driving! Have fun. Recommended 5-glowing stars.

KurzbeschreibungAn erotic novel by Chloe Thurlow, best-selling author of A Girl's Adventure.The Secret Life of Girls is a fictionalized memoir of Bella, an 18-year old girl at finishing school on the English coast. When her father dies, her mother remarries a man who secretly buys the manor house left in trust to Bella to pay off her father's debts. The betrayal cuts Bella to the core - the house is a part of her. She has nothing left - except she is beautiful, bold and unafraid to use sex to get revenge - as well as for her own pleasure."This is a work of erotic genius. I was gripped by this strong young protagonist who must find her way with no help from her aloof mother and lustful stepfather. The author beautifully captures the atmosphere of the English countryside...boarding schools run by nuns, and what it's like to be a gorgeous girl searching for her sexual identity, artistic success (she aspires to being a pop star), and ultimately, revenge on her mother and stepfather for their betrayals," 5\*\*\*\*\* - Katie Dylan, author of Cult of Beauty."...a potent blend of classic erotica, bubbling with modernity," Elizabeth Woodham, author of The Little Red Kilt.KurzbeschreibungAn erotic novel by Chloe Thurlow, best-selling author of A Girl's Adventure.The Secret Life of Girls is a fictionalized memoir of Bella, an 18-year old girl at finishing school on the English coast.
