Von W.E.B. Griffin : The Secret Warriors: A Men at War Novel before purchasing it in order to gage whether or not it would be worth my time, and all praised The Secret Warriors: A Men at War Novel:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich.

Plagurizing yourselfVon Ein KundeIt's interesting that a writer with W.E.B. Griffin's credentials should have to stoop

to taking, almost verbatim, ideas, story lines, and even characters and complete words and sentences from his earlier books written under a pseudonym. Now, he apparently has run out of original ideas for his work and has had to regress and republish his earlier works from the "Men at War" series. A sorry tribute to a truly, formerly, remarkable and entertaining writer to have to resort to such purely monetary ways to keep publishing. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Typically great Griffin reading!! Von Ein Kunde I have read all of Griffin's books thus far and have become addicted. They action moves along and the characters are all seen with their human flaws. My only objection is that he doesn't put them out as fast as I read them!! I look forward to some future continuance of The Brotherhood of War. At this point he still hasn't covered Viet Nam, Panama, and the Persian Gulf. OOORAAH! Keep up the good work and you'll have a customer for life. 0 von 0 Kunden fanden die folgende Rezension hilfreich. A good read Von Pam I always look forward to a new book from WEB Griffin even as in this case, it isn't new. I have everything Mr. Griffin has written that I've been able to get my hands on since a friend turned me on to these fine stories several years ago. As with most of the books I enjoy, the main problem with them is that I have to wait so long for the next in whatever series the author has turned to this time. Please keep up the good work.

Kurzbeschreibung Washington D.C., 1942. With the help of Charles A. Lindbergh, ace OSS pilot Richard Canidy sets up an air maneuver that will drop agents into the Belgian Congo to smuggle out uranium ore essential to the arms race. But this time, Canidy is not in the saddle; he's the backup pilot. And though he's not used to waiting for something to go wrong, he knows that it will... From Kirkus sSecond volume in the Men at War saga, begun with The Last Heroes (1997), a paperback originally published (in 1985) under the pseudonym Alex Baldwin. Griffin has written several popular WWII series, featuring the Marine Corps, the Navy, and now the shadow warriors of the OSS, led by "Wild Bill" Donovan. The first in this new saga turned on a cache of uranium ore in the Belgian Congo. This time, along with other jobs, the OSS must drop agents into the Belgian Congo and smuggle out ore to use in making atomic bombs. Secrecy is all, since the Germans also may well be devising their own atomic weapons. Shrewd, sharp, rousing entertainment. -- Copyright 1998, Kirkus Associates, LP. All rights reserved.
