Sydney's story is fast-paced, sensual, humorous and compelliVon Ein KundeTHE SEDUCTION OF SYDNEY by Jamie Denton Review by Barb Deane, Barb's All Romance Book StoreJamie Denton's September release from Harlequin Temptation's Blaze series is The Seduction of Sydney, HT#748. Sydney's story is fast-paced, sensual, humorous and compelling - not to mention hot! (It is a Blaze story, after all! ) Temptation readers, and all readers of spicy contemporaries, will really enjoy it.Derek Buchanan has been best friends with Sydney Travers nearly all his life and has been in love with her for longer than he can remember. But the logical and scientific professor cannot communicate his feelings to Sydney and watches her go on one disastrous blind date after another, praying she doesn't

find a man more perfect for her than he is. What Derek doesn't know is that Sydney is not really looking for Mr Right for herself, she's interviewing prospective fathers for the baby she is desperate to have. When Sydney gives up on the men she's been dating, she decides to pick a pop in a test tube and gets artificially inseminated. However, once the procedure is over, her calm, cool and professional veneer crumbles and she ends up sobbing in Derek's arms. One thing leads to another and they have a wonderful night of hot sex. Derek thinks this is the beginning of their wonderful relationship leading to marriage. Sydney is worried how to tell Derek, without losing her best friend, that she plans to marry no one and by the way, she's pregnant and he might be the father. Jamie does a great job of creating a true friendship between these two before and after the temperature rises with their passionate love-making. Derek's scientific approach to winning his bride, including the man-on-the-street interviews and the extensive research, lead to very funny scenes of typical male blunders. Sydney is a strong, independent, intelligent woman - my favorite kind of heroine. Although she gave a mistake in her past too much influence over her life choices, she learns to trust her heart and Derek. The chemistry between these two is great and their friendship is so believable, I can see them having a long and happy life together. Especially if you are a fan of steamy contemporaries, don't let this one get away!

Von Ein Kunde Synopsis: For weeks, Derek Buchanan has been trying to tell gorgeous leggy pal Sydney Travers that he loves her but just doesn't get it done. Instead he is holding her hand through a string of disastrous blind dates. Until he decides to bring her to the logical conclusion that she can't live without him. This book was awesome. I started to read it last night and couldn't put it down. I had to finish it right away. As a result I went to bed at 1:30 even though I had to work today. But it was worth it! From page one I knew this was going to be a keeper. Very sexy, very funny plus an original plot. I can't recommend it highly enough!

Highly Recommended Von Ein Kunde Cliches like well-written, good character development, nice plotting, all apply to this novel, but they build only the foundation. Jamie Denton constructs walls of depth and entertainment with her characters that stand firm and strong against the battering of a plot, while not new, has original twists that bring a fresh approach to this series book. If you seek escapist fare, sensuality, romance and a good story, look no further. THE SEDUCTION OF SYDNEY fits the bill. -
