Von Holly Black, Tony DiTerlizzi : The Seeing Stone (The Spiderwick Chronicles) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Seeing Stone (The Spiderwick Chronicles):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Watch your catVon BernieThe author really knows how to write creepy stories. It makes you want to sleep with one eye open. There is nothing cutesy like Harry Potter and or ridiculously dumb like the "So You Want to Be a Wizard" series. This is more in the vein of Lemony Snicket. It just squeezes into the realm of possibilities. However it takes an evil mind to write these chronicles. One good advantage is that they are short and to the point enough to holds your

attention and them be over before you realized what happened. By now you are familiar with Mallory, Jared and his young twin brother, Simon. We also know about the discovery of The Field Guide. After the introduction of Brownie named Thimbletack we also need to reevaluate the statements of Aunt Lucinda. The cat is missing. Naturally the siblings ignore Thimbletack's warning about The Field Guide. Yep, tasty Simon has been kidnapped by unseen goblins. Now his brother and sister must save him before he becomes Goblin Chow. To do this they must first obtain "The Seeing Stone." Will they save Simon? What creatures will they encounter? Why is Mallory all wet? What is that aroma of roasting ...? 0 von 0 Kunden fanden die folgende Rezension hilfreich. schnes, modernes Mrchen Von Sandra McLeaneine spannende und unterhaltsame Geschichte. Schn geschrieben. Dieses Buch kann man auch als Erwachsener lesen, ohne sich zu langweilen. schnes Kinderbuch

Kurzbeschreibung Thanks to the mysterious field guide left behind by their long-lost great-great-uncle Arthur Spiderwick, life for the Grace kids Jared, Simon, and Mallory is beyond weird. When Simon goes missing, Jared is convinced creatures from the faerie world have something to do with it. Mallory is not convinced. That is, until she and Jared have to contend with a band of menacing, marauding goblins. Simon is clearly in danger, and it's up to Mallory and Simon to save him, before it's too late. In the Spiderwick Chronicles' second book, things get even more exciting--and kind of scary--for the Grace kids, as the strange faerie world hinted at in The Field Guide blooms to full life around them. After making tentative peace with Thimbletack (a covered house brownie who's "the size of a pencil"), Jared chooses to ignore the creature's pleas that he destroy his great-great-uncle's mysterious tome, Arthur Spiderwick's Field Guide to the Fantastical World Around You. Thimbletack warns, "You kept the book despite my advice. Sooner or later there'll be a price." Sure enough, the brownie soon sniffs out a "fell smell in the air," and the disappearance of Simon's new cat starts to make sense. And if the chapter titled "IN WHICH Mallory Finally Gets to Put Her Rapier to Good Use" doesn't get your heart racing as fast as the kids', just wait till you get a load of the troll. ("Cooome baaack. I haaave something for youuu.") The series' already-fast pace picks up quickly in the second installment, and we can begin to imagine what other sorts of trouble these three will turn up as they learn the rules to this odd (and dangerous) new world--while, of course, trying to explain away the strange goings-on to their mother. Next up, book three, Lucinda's Secret. (What's her secret? I want to know. Now! (Ages 6 to 10) --Paul Hughes Pressestimmen "The books wallow in their dusty Olde Worlde charm: Faeries! Dumbwaiters! Attics! But then, reading has an old-fashioned charm too." -- "Time" magazine "With their evocative gothic-style pencil drawings and color illustrations, rhyming riddles, supernatural lore, and well-drawn characters, these books read like old-fashioned ripping yarns." -- "New York Times Book Review" "Appealing characters, well-measured suspense and an inviting package will lure readers... Youngsters may well find themselves glancing over their shoulders." -- "Publishers Weekly, " starred review
