Von Linda Lael Miller : There and Now (Mills Boon MB) before purchasing it in order to gage whether or not it would be worth my time, and all praised There and Now (Mills Boon MB):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Nice begining of a series.Von Collean LufkinElisabeth goes to the house she and her cousin Rue have inherited form the spinster Aunt to find her self and relax. After mysterious events start to happen, she places a call to her cousin Rue (The beginning of the second book in this series "Here and Then"). Finding the perfect man sometimes evolves traveling back in time to 1892. Due to all sorts of twist and turns, she becomes suspect for the house fire that caused

the disappearance of her "family" during back in 1892. I do not want to spoil the story so if you want to find out what happens you will have to read the book. However, I can tell you that Elisabeth goes back and forth through time a few times before she learns what her true destiny is.0 von 0 Kunden fanden die folgende Rezension hilfreich. Great! Von KatrinaI read this book in practically one sitting, then had to go right out and get its sequel "Here and Then" immediately. I never wanted the story to end, and wished there was another family member that could have found the pendant and gone on another adventure! Ms. Miller's books are always fun and a joy to read. The suspense keeps them extremely interesting and is always tempered with humor. Her characters are believable, and they always seem to match wonderfully. I recommend this one and its sequel to anyone who enjoys time travel/romance novels, or anyone wishing to see what they're all about and if they're worth reading, as this one certainly is! 0 von 0 Kunden fanden die folgende Rezension hilfreich. Highly enjoyable read...did not want it to end! Von Ein KundeI thought the characters were very real, both the hero and heroine as well as his little daughter. The love scenes were very sensual and moving, as was the storyline. This story started my journey into more time-travel romances by Ms. Miller and I have enjoyed them all.

Kurzbeschreibung GOING BACK After her divorce was finalized, Elisabeth McCartney felt adrift, lost. So she decided to escape to her centuries-old family home. People in Pine River had said the house was haunted, but Elisabeth never believed them. Until one night when she heard the voice of a child. She followed the voice all the way back to 1892. Elisabeth wasn't prepared to be thrust into a Victorian world. Nor was she prepared for the emotional pull she felt for widower, Jonathan Fortner and his daughter, Trista. And yet Elisabeth knew she didn't belong in his time and they could never be together. She also knew that tragedy was in Jonathan and Trista's future. If she stayed in the past, she could save them. But would that mean that they were destined to be separated by time? Miller tugs at the heartstrings as few authors can. Publishers Weekly Kurzbeschreibung GOING BACK After her divorce was finalized, Elisabeth McCartney felt adrift, lost. So she decided to escape to her centuries-old family home.
